

Appendix 4

National Wildland Fire Outlook

The current seasonal and monthly outlooks are available at the following web site:

http://www.nifc.gov/news/intell_predserv_forms/season_outlook.html.

Complete geographic area assessments are available at each GACC website. These websites can also be accessed through the NICC webpage at: <http://www.nifc.gov/news/nicc.html>

National Seasonal Wildland Fire Outlooks for 2004 will be issued as follows:

- February 5 Initial Outlook, shortly after the Eastern/Southern Area Workshop
- April 15 Shortly after the western Assessment Workshop
- June 3 Prior to the main western fire season
- July 15 Focus will be on the late summer/fall fire season
- September 9 Fall fire season (California and the Northwest)
