

INCIDENT MANAGEMENT SITUATION REPORT
 MONDAY OCTOBER 24, 1994 - 0530 MDT
 NATIONAL PREPAREDNESS LEVEL I

Current Situation: Very low fire activity continued nationally.

Outlook: A ridge of high pressure continues to dominate the western weather, however, a weak disturbance will move into southern California, bringing a chance of showers to California and Arizona. Western Washington will begin to feel the influence of a strong storm system in the gulf of Alaska, bringing rain and low clouds. The remainder of the West will have dry and mild weather. No significant fire activity is expected.

FIRES: Yesterday
