

INCIDENT MANAGEMENT SITUATION REPORT
 THURSDAY, OCTOBER 24, 1996 - 0530 MDT
 NATIONAL PREPAREDNESS LEVEL II

*** THE TEN STANDARD FIRE ORDERS ARE FIRM ***
 *** WE DON'T BREAK THEM; WE DON'T BEND THEM ***

CURRENT SITUATION: No new large fires were reported in Southern California. Significant fire activity occurred on the Sur fire last night. Firefighters made good progress on all other large fires. Resource mobilization through NICC was minimal.

Southern California Large Fires:

SUR, Los Padres NF. A Type I Incident Management Team (Giachino) is assigned. The fire is located 3 miles south of Big Sur, CA. It made a major run toward the community of Big Sur last night and mandatory evacuations have been ordered. HARMONY, San Diego Ranger Unit, California State. A State Type I Incident Management Team (Heil) is assigned. The fire is located south of Highway 78 and west of Interstate 15 in the Escondido area. Ninety eight structures, most of which were homes have been destroyed. Full containment was expected last night and demobilization was in progress.

CALABASAS, Los Angeles County, California. This fire is burning in grass and brush south of Highway 101, in the Calabasas and Malibu area. The fire was caused by downed powerlines in Eucalyptus trees. Structure protection is continuing.

Otay #322, San Diego Ranger Unit, California State. This fire is burning on the outskirts of San Diego and Chula Vista. Winds from the east at 35 MPH were observed on the fire yesterday. The west end of the fire, at the city limits of San Diego has been contained. Three repeaters valued at \$2.5 million have been destroyed.

Eastern Great Basin Large Fires:

Two fires are in a confine or contain suppression strategy totaling 21,340 acres.

OUTLOOK:

A storm system moving into the Pacific Northwest and Northern Rockies will continue to weaken the surface high over the southern Nevada and Utah. Southern California will have light offshore winds, northeast to

east 5-15 MPH and gusty below passes and canyons in the morning. Winds will switch to onshore, 8-16 MPH in the afternoon. Humidities will remain quite low, in the 15 to 25 percent range. Both Arizona and southern California will be sunny with high temperatures ranging from the mid 50's and 60's in the mountains, 70's along the coast and mid 70's and mid 80's in the lower deserts.
