Airspace Information Board

Information about Temporary Flight Restrictions (TFR)s can be found on the National Interagency Airspace Web Site at: http://airspace.nifc.gov/mapping/nifc/index.cfm. The TFRs can be found by accessing the large national map or by the individual states.

Narratives for the TFRs can be found on the Department of Defense (DOD) Internet NOTAM Service Web Site at: https://www.notams.jcs.mil/dinsQueryWeb. The DOD web site can also be access through most of the individual Geographic Area Coordination Centers (GACC)s main web sites under the Aviation page or section.

Geographical Area TFRs

TFR Narratives

To print the narratives for specific TFRs, check the box on the left hand side and select “Display/Print Selected NOTAMs” at the top of the page.
Fire Weather Information Board

The fire weather products displayed below can be found on the individual Geographic Area Coordination Centers (GACC) web sites. All GACC can be accessed from the National Interagency Coordination Center (NICC) at: http://www.nifc.gov/nicc by clicking on the national map. The individual GACC web site pages have standardized formatting that includes links to five primary components: Incident Information, Predictive Services, Logistics / Dispatch, Administrative and Related Links. Most of the products shown below can be found on the “Predictive Services” link displayed on the left hand side of the main web site page. Click on the “Weather, Fuel/Fire Danger and Outlooks” links.
