

NATIONAL INTERAGENCY FIRE CENTER

3833 South Development Avenue
Boise, Idaho 83705

TO: Agency Personnel
FROM: NIFC-Multi-Agency Coordinating Group
DATE: March 1, 2018
SUBJECT: 2018 National Interagency Mobilization Guide

Attached is the 2018 National Interagency Mobilization Guide. This Guide is written to reflect the interagency needs of the user and formatted to accept local inserts.

The signatory agencies have directed the National Interagency Coordination Center (NICC) with review and oversight from the National Multi-agency Coordinating Group (NMAC) to annually revise, publish, and distribute the National Interagency Mobilization Guide by March 1, and issue errata to this document.

The National Interagency Mobilization Guide establishes the standards for mobilization and demobilization of resources in response to wildland fire and all-hazard events. It is the foundational document instituting overarching processes for total mobility of resources.

Suggestions for modification of the publication should be sent through your Coordination Center Manager (the NICC and the GACCs) and they will bring forward change requests that have been vetted through recognized interagency groups within their respective areas.

The NICC will accept change requests from recognized interagency groups (CGAC, ACIC, etc.), NWCG Committees and sub-committees, and functional areas (NIRSC, RAWS, Contracting, etc.), as well as signatory agencies. The NICC Center Manager will present recommended changes to NMAC for their final acceptance and approval.

Annual change requests are due to the NICC by November 15 in order to provide adequate adjudication. The change request form link will be sent out to recognized groups, committees, and functional areas.

Howard Hedrick
