

NATIONAL INTERAGENCY FIRE CENTER

3833 South Development Avenue Boise, Idaho 83705

DATE: March 1, 2022

TO: Agency Personnel

FROM: NIFC-Multi-Agency Coordinating Group

SUBJECT: 2022 National Interagency Mobilization Guide

Attached is the 2022 National Interagency Mobilization Guide. This Guide is written to reflect the interagency needs of the user and formatted to accept local inserts.

The signatory agencies have directed the National Interagency Coordination Center (NICC) with review and oversight from the National Multi-Agency Coordinating Group (NMAC) to annually revise, publish, and distribute the National Interagency Mobilization Guide by March 1, and issue errata to this document.

The National Interagency Mobilization Guide establishes the standards for mobilization and demobilization of resources in response to wildland fire and all-hazard events. It is the foundational document instituting overarching processes for total mobility of resources.

Suggestions for modification of the publication can be submitted at any time during the calendar year. The NICC will accept suggestions for changes either through your signatory agency, through your Coordination Center (GACC), or through established interagency organizations such as NWCG Committees, recognized interagency groups (CGAC, ACIC, etc.), and functional areas (NIICD, RAWS, Contracting, etc.).

The change request form is located on the NICC website at <https://www.nifc.gov/nicc/mobguide/index.html> along with further explanation of the modification process and instructions on how to submit the form electronically. The NICC will present all recommended changes to NMAC for their final acceptance and approval.
