

INCIDENT MANAGEMENT SITUATION REPORT  
TUESDAY, FEBRUARY 27, 1996 - 0530 MST  
NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION: Fire activity moderated across the Southern Area yesterday, due to a long needed break in the weather. Resource mobilization through NICC was minimal.

Southern Area Fire Information:

ADA COMPLEX, Muskogee Area Office, Ada Agency, BIA. A Type I Incident Management Team (O'Bannon) is assigned. Priority was given to remote fires that had not received suppression action. To facilitate faster suppression response, staging areas have been established at Holdendale Airport, Ardmore Airpark and McAlister, Oklahoma. Higher relative humidities and light showers aided suppression efforts.

OKLAHOMA STATE FIRES. A Type II Incident Management Team (Kearney) is assigned to the State, working out of Muskogee, Oklahoma. The team assumed responsibility of fire suppression activities north and west of Interstate 40.

TEXAS STATE FIRES. Cooler temperatures and higher humidities are only having a marginal effect on fire spread and intensity. Burning bans are in effect in 76 counties. Twenty one counties are eligible for federal disaster assistance. A 30,000 acre fire continues to burn in Coryell County, on the Fort Hood Military Reservation. Twelve hundred Fort Hood Army personnel are assisting with suppression efforts.

INCIDENT NAME	UNIT	ST	SIZE	%	EST	TOTAL	CRW	ENG	HELI	STRUC	EST	EST
				CTN	CTN	PERS				LOST	LOSS	COST
ADA COMPLEX	MAA	OK	33,663	UNK	UNK	254	3	19	4	UNK	12M	845K

Due to the number of new fires added to the Ada Complex, the percent contained and containment dates have not been determined.

Eastern Area Fire Information:

INCIDENT NAME	UNIT	ST	SIZE	%	EST	TOTAL	CRW	ENG	HELI	STRUC	EST	EST
				CTN	CTN	PERS				LOST	LOSS	COST
BIG LAKE CRK	MTF	MO	240	100	---	28	0	1	0	0	UNK	6K

OUTLOOK: Texas, Oklahoma, Missouri, Arkansas and the Gulf Coast states will be partly cloudy with a chance of showers and thundershowers. Temperatures will be cooler with highs in the mid 30's in northwest Oklahoma to the 70's in south Texas. Winds will be 5-15 MPH, except 15-25 MPH in southern Texas. New Mexico will be partly cloudy with widely scattered snow showers in the mountains. Highs will range from the 30's in the mountains to the mid 60's in the southern valleys. Winds will range from 10-20 MPH. Fire activity is expected to moderate as cooler

temperatures and increased showers cover the Area.
