

INCIDENT MANAGEMENT SITUATION REPORT  
WEDNESDAY AUGUST 27, 1997 - 0530 MDT  
NATIONAL PREPAREDNESS LEVEL II

CURRENT SITUATION: Firefighters made good progress on the Pine Park fire in Utah. Minimal initial attack activity was reported elsewhere. Very high and extreme fire indices were reported in California, Arizona, Nevada and Oregon.

EASTERN GREAT BASIN LARGE FIRES:

PINE PARK, Cedar City District, BLM. This fire is located 30 miles northwest of St. George, UT. Line construction was completed yesterday. Natural barriers are being utilized to confine the fire in some areas. The fire is now in monitor status. This will be the last report unless significant activity occurs.

OUTLOOK:

Utah and Nevada will be mostly sunny in the northern portions, and partly cloudy in the south. A slight chance of afternoon showers or thunderstorms exists for southern Utah. Locally breezy conditions are forecast for the southern Nevada deserts. Temperatures will range from the 80's in the north to 110 in the south.

Northern California will have a slight chance of showers near the Oregon border. The mountains, interior valleys, and deserts will be mostly sunny throughout the state. Morning fog and low clouds will dominate the coastline, but partly sunny conditions will prevail by afternoon. Temperatures for northern California will range from the 60's along the coast to the 90's inland. Southern temperatures will be in the 70's and 80's along the coast, the 80's in the mountains, and up to 110 in the deserts.

Washington and Oregon will be mostly cloudy with showers likely on the coast and west of the Cascades. The mountains and inland areas will be partly cloudy with a chance of showers or thunderstorms. Temperatures will range from 65 along the coast to the 80's inland.

Southern Idaho and the central mountains will be mostly sunny. Northern Idaho will be mostly cloudy with a slight chance of showers and thunderstorms. Temperatures will be in the 70's and 80's across the state.

Montana will be partly cloudy with isolated showers and thunderstorms, especially during the afternoon. Temperatures will be in the 70's and 80's west of the Continental Divide and the 80's and 90's to the east.
