DNR = Washington State Department of Natural Resources

OUTLOOK:

Washington and Oregon will be partly to mostly sunny with a slight chance of showers along the Columbia River. High temperatures will be 70 to 75 west of the Cascades and from the mid 70's to low 80's east of the Cascades.

Northern California will have a slight chance of showers near the Oregon border, otherwise morning fog and low clouds along the coast will dissipate and become mostly sunny by afternoon. Mostly sunny conditions are predicted over the interior northern mountains and valleys. Southern California will have areas of low clouds and patchy fog along the immediate coastal areas, dissipating by afternoon. The remainder of the south will be mostly sunny with locally breezy conditions in the deserts. High temperatures will range from the mid to upper 70's along the coast, the 80's in the mountains, and mid 90's to near 100 in the interior southern deserts.

Most of Nevada and Utah will be sunny. Southern and eastern Utah and southern Nevada will be partly cloudy with a slight chance of afternoon showers or thunderstorms. High temperatures will range from 80 to 90 in the north to near 100 across the south.

Idaho will be partly cloudy with a chance of afternoon showers and thunderstorms in the north and central mountains. The southern portion of the state will be mostly sunny. High temperatures in the northern and central part of the state will be in the 70's with southern highs from the upper 70's to mid 80's.
