

INCIDENT MANAGEMENT SITUATION REPORT
 FRIDAY, APRIL 9, 1999 - 1000 MDT
 NATIONAL PREPAREDNESS LEVEL I

CURRENT SITUATION:

On Tuesday, April 6, there were two fatalities on the Island Fork fire in Kentucky. The firefighters, Kenneth Nickell and Kevin Smith, worked for the Route 377 Volunteer Fire Department. The entire fire community extends their condolences to family, friends and co-workers.

Fire activity continued in the Southern and Eastern Areas this past week. Minimal fire activity was reported elsewhere. The National Interagency Coordination Center processed orders for radios and miscellaneous overhead.

SOUTHERN AREA LARGE FIRES:

BRUMLEY GAP, Virginia State. This fire is 15 miles northeast of Bristol, VA. The fire is burning in steep, rocky terrain in storm damaged timber.

OUTLOOK:

Weak high pressure in the Gulf of Mexico will dominate Florida through Tuesday. There is a chance of showers and thunderstorms in the panhandle Sunday through Tuesday. The chance of showers will increase over the whole state Wednesday and Thursday as a trough of low pressure swings east out of the central plains. Highs temperatures will range from the 80's to 90's.

A weak ridge of high pressure over West Texas will provide partly cloudy skies through Sunday. Saturday will be windy with high temperatures ranging from 75 to 85. Low pressure will bring a chance of showers and thunderstorms late Monday through Tuesday with high temperatures in the 80's. A ridge will build into the area Wednesday bringing mostly sunny and breezy conditions through Thursday. High temperatures will be in the 80's.

North and South Carolina will have a low pressure system move into the area today bringing a chance of showers and thunderstorms. Monday will see mostly sunny conditions with high temperatures in the 70's to low 80's. Another low pressure system will bring a chance of rain and thunderstorms again Tuesday through Thursday. High temperatures will be in the 80's.
