

INCIDENT MANAGEMENT SITUATION REPORT
SUNDAY, MAY 27, 2001 - 0900 MDT
NATIONAL PREPAREDNESS LEVEL 1

CURRENT SITUATION:

New large fires were reported in northern California and in New Mexico. One large fire was contained in Florida and one in southern California. Florida and southern Georgia will have relatively dry weather with isolated thunderstorms, except for southern Florida which will have scattered showers. Nevada will have dry and windy conditions. Very high to extreme fire indices were reported in Arizona, Florida and New Mexico.

SOUTHERN AREA LARGE FIRES:

DIXIE/LAFAYETTE COMPLEX, Florida Division of Forestry. This complex, which includes the Mallory Swamp fire, is approximately 25 miles north of Perry, FL. Inversions and low relative humidity have impeded containment efforts.

PIT COMMAND, Florida Division of Forestry. This fire is five miles west of Haines, FL. Burnout operations still occurring around some homes to provide structure protection. A trace of rain was seen on the fire.

BLACKWATER COMMAND, Florida Division of Forestry. This fire is in Hillsborough County, FL. Containment efforts are hampered due to being in a creek area.

APEX, Florida Division of Forestry. This fire in Levy County, FL. Low relative humidity and moderate winds are impeding containment efforts. At this time, structure protection is the priority.

SIMMONS ROAD, Florida Division of Forestry. This fire is 15 miles east of Lake City, FL. No new information was reported. This will be the last report unless new information is received.

CRAWFORD ROAD, Florida Division of Forestry. This fire is 20 miles northwest of Jacksonville, FL. No new information was reported. This will be the last report unless new information is received.

CRAVEN ISLAND, Okefenokee National Wildlife Refuge. This fire is in a old burn from 1998. Crews continue to monitor and mopup.

BLOUT PASTURE, Georgia State Forestry Commission. The fire is near Darian, GA. in McIntosh County. The acreage change reflects better mapping of the fire. Thick peat and duff layers continue to pose problems for mopup operations.

RACE POND, Georgia State Forestry Commission. This fire is approximately 20 miles north of Waycross, GA. Crews continue with mopup operations and monitor the perimeter.

ARABIA BAY, Georgia State Forestry Commission. The fire is near Homerville, GA in Clinch County. Preparations for burnout operations are occurring around the perimeter of the fire.

RACE TRACK COMPLEX, National Forests in Mississippi. This fire is 16 miles north of Gulfport, MS. A new fire in Camp Shelby Impact Area, which is a military firing use area, was added to this complex. Crews continue to mopup and patrol with the assistance of National Guard helicopters.

OUTLOOK:

*** A FIRE WEATHER WATCH HAS BEEN POSTED IN NORTHERN AND CENTRAL FLORIDA FOR LOW RELATIVE HUMIDITY ***

Florida and southern Georgia will be partly cloudy with isolated thunderstorms but will remain relatively dry. South Florida will have scattered showers and thunderstorms. High temperatures will be 80 to 95 degrees. Minimum relative humidity will range from 25 to 40 percent. Winds will be west at 5 to 15 mph.

A cold front will move into the Northwest bringing cooler temperatures and increasing wind. Oregon and Washington will be mostly cloudy with scattered showers. High temperatures will be in the 70's to 80's and minimum relative humidity will range from 25 to 40 percent. Winds will be from the west at 10 to 20 mph.

A trough north of Nevada will bring clear skies and wind. High temperatures will be 75 to 85 to the north and 100 to 105 in the south. Minimum relative humidity will be 10 to 25 percent and winds will be southwest at 20 to 35 mph.
