

INCIDENT MANAGEMENT SITUATION REPORT
THURSDAY, MAY 31, 2001 - 0530 MDT
NATIONAL PREPAREDNESS LEVEL 2

CURRENT SITUATION:

One new large fire was reported in Florida. Large fires in Nevada, California and Florida were contained. High pressure over the West will continue to bring sunny, warm and dry weather. A weak cold front will bring scattered showers and thunderstorms to Florida. West Texas will also have a slight chance of showers and thunderstorms. Very high to extreme fire indices were reported in Arizona, California, Montana, New Mexico, Texas and Utah.

SOUTHERN AREA LARGE FIRES:

SILVER EAGLE, Florida Division of Forestry. This fire is burning in a large dry lakebed and swamp area near Groveland, FL. No other information was reported.

DIXIE/LAFAYETTE COMPLEX, Florida Division of Forestry. A State Type 2 Incident Management Team (Koehler) is assigned. This complex, which includes the Mallory Swamp fire, is approximately 25 miles north of Perry, FL. Light rain was received on the northern portion of the fire.

L-39, Florida Division of Forestry. This fire is burning on the Broward and Palm Beach County lines. The fire is burning in a conservation area and the Loxahatchee Wildlife Area was threatened.

MINERAL SPRINGS, Florida Division of Forestry. This fire is in Sarasota County, FL. No new information was reported.

776, Florida Division of Forestry. This fire is in Charlotte County near Englewood, FL. No new information was reported.

BOG HOLE, Florida Division of Forestry. This fire is burning in a large dry swamp in Sumter County, FL. No new information was reported.

CRAVEN ISLAND, Okefenokee National Wildlife Refuge. A Fire Use Management Team (Cook) is assigned. This fire is near Minnies Island, GA. Structure protection is in place at the Stephen Foster State Park. No active flames have been seen on the fire.

BLOUT PASTURE, Georgia State Forestry Commission. The fire is near Darian, GA. in McIntosh County. No new information was reported.

ARABIA BAY, Georgia State Forestry Commission. The fire is near Homerville, GA in Clinch County. No new information was reported.

RACE TRACK COMPLEX, National Forests in Mississippi. This fire is 16 miles north of Gulfport, MS. Crews continue to mopup and patrol.

LEMONS GAP COMPLEX, Texas State Forest Service. This fire is burning in grass, pinyon pine and juniper 32 miles east of Marathon, TX. This complex

is comprised of the Lemons Gap, Right Hand Canyon and Peak fires. Helicopters and air tankers are providing substantial support in containment efforts. Lemons Gap received light moisture on the southwest corner.

SOUTHWEST AREA LARGE FIRES:

HIDDEN COMPLEX, Lincoln National Forest. Type 2 Incident Management Team (Garcia) is assigned. These lightning caused fires are 30 miles southwest of Carlsbad, NM. This complex includes the Hidden, Devils Den and Wilderness fires. Air tankers and ground forces kept perimeter growth minimal, though the interior burned actively throughout the day. Burnout operations and securing the perimeter will occur during the night.

OUTLOOK:

High pressure over California will continue to bring sunny, hot and dry weather, although a thermal low pressure at the surface will shift eastward bringing lighter winds. High temperatures will be from the 60's and 70's in the coastal areas to the 90's and lower 100's inland. Minimum relative humidity will range from 10 to 20 percent. Winds will be south to southwest at 5 to 15 mph.

A weak cold front over Florida and a moist southerly flow will bring scattered showers and thunderstorms. High temperatures will be near 90. Minimum relative humidity will range from 40 to 50 percent in the Panhandle to around 60 percent in the south. Winds will be mostly southwest at 5 to 10 mph.

West Texas will have a slight chance of showers and thunderstorms. High temperatures will be in the mid 70's and 80's in most areas, and will be in the 90's to near 100 near the Rio Grande. Minimum relative humidity will range from 30 to 40 percent, and possibly drier south. Winds will be east to southeast at 10 to 15 mph.

High pressure will continue to bring quite warm and dry weather to Arizona and New Mexico. There will be a slight chance of thunderstorms over central and eastern New Mexico. High temperatures will be in the 70's in the northern mountains to near 110 in the deserts. Minimum relative humidity will range from 5 to 15 percent. Winds will be west to northwest at 10 to 25 mph in New Mexico and generally slope and valley in Arizona.

High pressure over Nevada will continue to bring sunny, warm and dry conditions. High temperatures will be in the 80's to lower 90's in most areas, and in the mid 90's to mid 100's in the southern deserts. Minimum relative humidity will range from 5 to 15 percent. Winds will be southwest to northwest at 5 to 15 mph.
