

**INCIDENT MANAGEMENT SITUATION REPORT**  
**SUNDAY, AUGUST 7, 2005 0800 MDT**  
**NATIONAL PREPAREDNESS LEVEL 3**

**CURRENT SITUATION:**

Initial attack activity was moderate nationally with 210 fires reported. Seven new large fires were reported, three in the Northwest Area, two in the Southern Area and one each in the Southwest and Eastern Areas. Two large fires were contained, one each in the Southern and Northwest Areas. Very high to extreme fire indices were reported in Arizona, California, Hawaii, Idaho, Kansas, Minnesota, Montana, Nebraska, Nevada, New Mexico, Oregon, South Dakota, Utah, Washington and Wyoming.

**NORTHWEST AREA INCIDENTS / LARGE FIRES:**

**DIRTY FACE**, Washington State Department of Natural Resources - Southeast. A Washington Interagency Incident Management Team (Furlong/Gormley) is assigned. This fire is 25 miles northwest of Leavenworth, WA in timber. Steep, inaccessible terrain continues to hinder containment efforts. An evacuation notice is in effect for nearby residences. Structure protection remains in place. Private residences, historic sites, a state park and endangered species habitat remain threatened. Fire behavior included short upslope runs, occasional torching and backing downslope. Several spot fires were contained.

**LICK CREEK**, Washington State Department of Natural Resources - Southeast. A Washington Interagency Incident Management Team (Berndt/LaFave) is assigned. This fire is six miles north of Cle Elum, WA in logging slash, brush understory, timber and grass. An evacuation notice for the North Fork of the Teanaway River remains in effect. Private structures and wildlife habitat are threatened. Increased fire activity with torching and crowning was reported.

**SCHOOL**, Umatilla National Forest. A Washington Interagency Incident Management Team (Reed/Holloway) is assigned. A Type 1 Incident Management Team (Anderson) has been ordered. This fire is 16 miles south of Pomery, WA in timber. An evacuation order is in effect for several campgrounds and residences north of the Tucannon Hatchery and the Rose Springs areas. Private residences, Tucannon Lookout Tower, Camp Wooten, cultural sites and wildlife habitat are threatened. Structure protection is in place. Steep terrain is hampering containment efforts. Active fire behavior with running and spotting was reported.

**BLOSSOM COMPLEX**, Siskiyou National Forest. A Type 2 Incident Management Team (Paul) is assigned. A unified command has been established between the U.S. Forest Service and the Oregon Department of Forestry. This complex, comprised of the Blossom and Solitude fires, is 25 miles northeast of Gold Beach, OR in timber. A road closure order remains in effect. Private structures along the Rogue River are threatened. Inaccessible terrain continues to hamper containment efforts. Fire continued to be active with torching, downhill backing and rolling debris. Burnout operations continue.

**MULE PEAK**, Wallowa-Whitman National Forest. A Type 2 Incident Management Team (West) is assigned. This fire is 20 miles southeast of La Grande, OR in timber and grass. Mule Peak Lookout, outbuildings and endangered species habitat remain threatened. Steep terrain and

heavy subalpine fuels continue to impede containment efforts. Short runs with short range spotting and isolated torching continue.

**BURNT BREAD**, Washington State Department of Natural Resources Northeast. A Washington Interagency Incident Management Team (Johnson/Barnett) has been ordered. This fire started on private land 17 miles southeast of Tonasket, WA in timber, grass and brush. Torching, running and spotting were reported.

**BENJAMIN LAKE**, Lakeview District, Bureau of Land Management. This fire is 27 miles northeast of Christmas Valley, OR in timber, brush and grass. Residential structures are threatened. Rough terrain and limited access are hampering containment efforts. Significant fire activity with passing thunderstorms was reported.

### **NORTHERN ROCKIES AREA INCIDENTS / LARGE FIRES:**

**I 90**, Lolo National Forest. A Type 1 Incident Management Team (Sandman) is assigned. A unified command has been established between Sandman's Type 1 Incident Management team and the Frenchtown Rural Fire Department. This fire is one mile south of Alberton, MT in timber. West Mountain Creek residents remain evacuated. Private residences, commercial properties and utility corridors are threatened. Structure protection is in place. Steep, rugged terrain continues to impede containment efforts. Ground fire with intermittent torching and short uphill runs was observed. Interstate 90 was reopened to traffic. The reduction in acreage is due to more accurate mapping.

**ROCKIN COMPLEX**, Bitterroot National Forest. This complex, comprised of four fires, is 10 miles northwest of Darby, MT in timber. An area closure is in effect for the Rock Creek trailhead and the west end of Lake Como. Narrow canyons, steep, rocky terrain and adverse weather conditions continue to hamper containment efforts. Extreme fire behavior with spotting and intermittent torching was reported.

**LONG BLACK COMPLEX**, Clearwater National Forest. A Type 2 Incident Management Team (Carlson) is assigned. This incident is 38 miles northeast of Pierce, ID in timber. Steep terrain and limited access are hindering containment efforts. Torching, smoldering and isolated spotting were reported.

FROG POND, Beaverhead/Deerlodge National Forest. A transfer of command from a Type 2 Incident Management Team (Larsen) to the local unit will occur today. This fire is 25 miles southwest of Phillipsburg, MT in timber. Scattered smokes were reported.

### ALASKA AREA INCIDENTS / LARGE FIRES:

NULATO #3, Alaska Fire Service, Galena Zone. A Type 2 Incident Management Team (Jandt) is assigned. This fire is four miles northwest of Nulato, AK in black spruce and tundra. Native allotments remain threatened. Moderate fire activity with small runs and active backing was reported. Burnout operations continue.

MISSION CREEK, Alaska Fire Service, Upper Yukon Zone. This fire started on Alaska Native Claims Settlement Act land nine miles west of Eagle, AK in black spruce and tundra. Creeping and smoldering were observed.

BOUNDARY CREEK, Alaska Fire Service, Upper Yukon Zone, Bureau of Land Management. A Type 2 Incident Management Team (Walker) is assigned. This fire started on Alaska Native Claims Settlement Act land six miles southeast of Eagle, AK in black spruce and hardwood litter. A portion of the fire is in Canada. Structures along the Taylor Highway near O'Brien and Dome Creeks are potentially threatened. Moderate fire activity with creeping, smoldering and isolated torching was reported.

PARADISE CREEK, Alaska Fire Service, Galena Zone. This fire is 15 miles south of Anvik, AK in black spruce and tundra. Higher humidity and cloud cover allowed crews to make good progress in mop up operations.

WEST DEER HUNTER, Alaska Fire Service, Galena Zone. This fire is 20 miles south of Anvik, AK in tundra, and black spruce. Higher humidity and cloud cover allowed for good progress.

### **SOUTHERN CALIFORNIA AREA INCIDENTS / LARGE FIRES:**

PINYON COMPLEX, Inyo National Forest. This complex, comprised of the Oak Creek, Pinyon and Hogback fires is six miles northwest of Independence, CA in timber and brush. The north and south forks of Sawmill Creek are in patrol status. Creeping and moderate fire behavior in the interior fuels were observed.

COMB COMPLEX, Sequoia & Kings Canyon National Park. A Fire Use Management Team (Hall) is assigned. This lightning-caused Wildland Fire Use (WFU) complex, comprised of the Comb and East Creek fires is 18 miles northeast of Grant Grove, CA in mixed conifer and chaparral. The fire is being managed to accomplish resource objectives. Flanking and backing were reported. Fire activity increased due to passing thunderstorm cells. Portions of the fire received precipitation.

## **EASTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:**

SHEEP CREEK, Ashley National Forest. A transfer of command from a Fire Use Management Team (Clark) back to the local unit will occur today. This lightning-caused Wildland Fire Use (WFU) incident is 20 miles southwest of Manila, UT in timber litter and lodgepole pine. The fire is being managed to accomplish resource objectives. Isolated smokes were observed. This will be the last report unless significant activity occurs.

DAMMERON COMPLEX, Cedar City Field Office, Bureau of Land Management. This complex, comprised of the Dammeron, Mill Creek, Yant and Stahlie fires, is five miles north of St. George, UT in mixed conifer, pinyon, juniper and grass. The fire is being monitored by air resources. No new information was reported.

## OUTLOOK:

**Red Flag Warning:** For southeastern Montana for scattered dry thunderstorms with gusty winds and very low humidity.

**Fire Weather Watch:** For northeastern Montana for low relative humidity and slowly shifting strong winds with higher gusts.

**Weather Discussion:** Moisture continues to feed into eastern Oregon, Idaho and Montana around a high pressure system centered over the Great Basin. A dry cold front from Canada will bring gusty winds to central and eastern Montana. High pressure will begin to build over Alaska.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
<b>Northern California</b> Mostly sunny. A 10% chance of afternoon and evening thunderstorms in the eastern areas. Less than a 10% chance in the northwest mountains.	80s and 90s prevailing with warmest inland valleys 100 to near 105.	10 to 25%.	Afternoon wind mostly southwest to northwest 3 to 10 mph and locally gusty along the coast and eastern desert areas.
<b>Northern Rockies</b> A flat ridge of high pressure will continue to bring hot and dry conditions. Subtropical moisture moving into southwest and southern Montana will bring isolated dry thunderstorms.	West of divide: 88 to 97. East of divide: 90 to 101. North Dakota: 93 to 97.	West of divide: 14 to 29%. East of divide: 14 to 24%. North Dakota: 22 to 32%.	West of divide: southwest 5 to 15 mph with some higher gusts possible. East of divide: northwest 15 to 20 mph with higher gusts. North Dakota: southeast to southwest 5 to 15 mph.
<b>Alaska</b> Partly to mostly cloudy with scattered rain showers.	60s to mid 70s.	30 to 45%.	South to southwest 10 to 25 mph.
<b>Southern California</b> Morning low clouds and fog coastal areas, otherwise mostly sunny in the morning becoming partly to mostly cloudy with showers and thunderstorms over the Sierra and over the Southern California mountains and deserts in the afternoon.	80 to 95 mountains. 90 to 105 valleys. 95 to 105 upper deserts. 95 to 105 lower deserts.	10 to 30% central California and 20 to 40% southern California.	Southeast to southwest 5 to 15 mph.
<b>Rocky Mountain</b> Scattered showers and thunderstorms over southwest Colorado, with isolated storms elsewhere.	Upper 80s to mid 90s, with 70s to lower 80s in the mountains.	Less than 20% across most of Wyoming, western South Dakota, and northern and eastern Colorado, with higher values elsewhere.	Variable 5 to 15mph.
<b>Western Great Basin</b> Mostly sunny in the morning then becoming partly cloudy with isolated to scattered showers and thunderstorms.	North valleys: 88 to 102. South valleys: 90 to 106. Mountains: 76 to 94.	North valleys: 8 to 18%. South valleys: 16 to 24%. Mountains: 12 to 30%.	Light and variable winds, mostly upslope/upvalley 5 to 10 mph.
