

**INCIDENT MANAGEMENT SITUATION REPORT**  
**WEDNESDAY, AUGUST 31, 2005 0530 MDT**  
**NATIONAL PREPAREDNESS LEVEL 3**

**CURRENT SITUATION:**

Initial attack activity was light nationally with 101 fires reported. Seven new large fires were reported, three in the Rocky Mountain Area, two in the Northern Rockies Area, and one each in the Western Great Basin and Northern California Areas. Nine large fires were contained, four in the Northern Rockies Area, two in the Northern California Area, and one each in the Northwest, Eastern Great Basin, and Rocky Mountain Areas. Very high to extreme fire indices were reported in Arizona, California, Idaho, Montana, Nebraska, Nevada, Oregon, South Dakota, Utah, Washington and Wyoming.

An Area Command Team (Rounsaville) has been tasked by the National Multi-Agency Coordinating Group to evaluate radio communications on incidents with consideration to training and education, maintenance and replacement of equipment, narrow banding, communication and coordination with cooperators, and usability.

An Area Command Team (Williams-Rhodes) is deployed to the Regional Response Coordination Center in Atlanta, GA. for Hurricane Katrina Support.

**SOUTHERN AREA INCIDENTS / LARGE FIRES:**

HURRICANE KATRINA SUPPORT, Federal Emergency Management Agency. Emergency Support Function #4 is staffed at the Regional Response Coordination Centers in Atlanta, GA and Denton, TX. Three Type 1 Incident Management Teams have been assigned. A Type 1 Incident Management Team (Custer) will establish a base camp at Port Allen, LA. A Type 1 Incident Management Team (Quesinberry) will be assigned to a logistics staging area in Meridian, MS. A Type 1 Incident Management Team (Pincha-Tulley) will establish a base camp at Stennis Space Center in MS. A Type 1 Incident Management Team (Gelobter) has been ordered. A Planning Team is in place at the Long Term Recovery Center in Orlando, FL. Five Logistics Management Teams have been mobilized; two to Meridian, MS, and one each to Maxwell Air Force Base, Montgomery, AL, Barksdale Air Force Base, LA and Beauregard, LA. A Florida State All Risk Incident Management Team (Hill) has been assigned to Biloxi, MS. The Team is managing logistical support for Florida Urban Search and Rescue teams. A Florida State Incident Management Team (Jones) is assigned in Biloxi, MS. The Team will support the Mississippi Emergency Management Agency in relief efforts along the Gulf Coast.

SHORT CREEK, Ouachita National Forest. This fire is 11 miles southeast of Mena, AR in timber. Fire behavior is moderate with less than 2 foot flame lengths reported. No new information was received.

SHORT CREEK	AR	OUF	185	95	UNK	49	2	2	1	0	400K	FS

## **NORTHERN ROCKIES AREA INCIDENTS / LARGE FIRES:**

SEEPAY #2, Flathead Agency, Bureau of Indian Affairs. A Type 2 Incident Management Team (Cowin) is assigned. This fire is two miles southwest of Perma, MT in timber. A microwave communications site, structures and cultural sites are threatened. Area road closures remain in effect. Torching with short crown runs and short range spotting were observed.

SIGNAL ROCK, Bitterroot National Forest. A Type 2 Incident Management Team (Turman) is assigned. The fire is 17 miles southwest of Philipsburg, MT in timber and is burning on both the Bitterroot and Beaverhead/Deerlodge National Forests. Highway 38 has been reopened. Cooler temperatures and higher relative humidity have reduced fire behavior.

SELWAY-SALMON COMPLEX, Bitterroot National Forest. A Fire Use Management Team (Cook) is assigned. This lightning-caused Wildland Fire Use (WFU) complex, comprised of the El Capitan, Wapiti, Beaverjack, Reynolds Lake and numerous other fires, is 26 miles southwest of Hamilton, MT in timber. This complex, burning on both the Salmon-Challis and Bitterroot National Forests, is being managed to accomplish resource objectives. A work center, historic ranger station, and a lookout remain potentially threatened, and structure protection remains in place. Magruder Corridor Road is open for limited outfitter access. Minimal fire movement was observed with smoldering and creeping.

RED RIVER COMPLEX, Nez Perce National Forest. A Fire Use Management Team (Weldon) is assigned. This lightning-caused Wildland Fire Use (WFU) complex, comprised of the Burnt, Center and 8 other fires is 23 miles southeast of Elk City, ID in timber. The complex is being managed to accomplish resource objectives. Minimal fire activity was observed.

LONG BLACK COMPLEX, Clearwater National Forest. This complex, comprised of the Long Creek and Black Canyon fires, is 38 miles northeast of Pierce, ID in timber. Steep terrain, numerous snags and limited access continue to hamper containment efforts. Fire behavior moderated with cooler temperatures and higher relative humidity. The Long Creek Fire continues to be monitored by aircraft.

HAZARD LAKE, Lewis and Clark National Forest. This lightning caused Wildland Fire Use (WFU) incident is located 33 miles Choteau, MT in timber. This fire is being managed to accomplish resource objectives. Potential threat to private land. Structure protection planning has been initiated. Creeping, smoldering and occasional torching were observed.

ROCKIN, Bitterroot National Forest. This fire is 10 miles northwest of Darby, MT in timber. Narrow canyons, steep and rocky terrain continue to hamper containment efforts. Cooler temperatures and high relative humidity caused the fire to become less active.

BELL POINT, Nez Perce National Forest. This lightning caused Wildland Fire Use (WFU) incident is 28 miles west of Hamilton, MT in timber. This fire is being managed to accomplish resource objectives. Observed fire behavior is calm with little smoke. This will be the last report unless significant activity occurs.

### ROCKY MOUNTAIN INCIDENTS / LARGE FIRES:

BIXBY, Converse County. This fire is east of Glenrock, WY in grass and brush. Three structures were lost. Primary residences and outbuildings are threatened. Extreme fire behavior was observed.

WOLVERINE, Routt National Forest. This lightning caused Wildland Fire Use (WFU) incident is 20 miles northeast of Steamboat Springs, CO in timber. This fire is being managed to accomplish resource objectives. Eleven trails in the Mount Zyrkel Wilderness Area were closed. Hunters and recreational users were evacuated. Torching, spotting and running fire behavior were observed.

### EASTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:

PATTERSON, Salmon-Challis National Forest. This fire is two miles north of Patterson, ID in timber. The Type 2 Incident Management Team (Thomas) has been cancelled. Structures and cultural sites remain threatened. Fire behavior has diminished due to considerable precipitation. Creeping, smoldering and torching were observed.

NORTH NEOLA, Uintah and Ouray Agency, Bureau of Indian Affairs. This fire is two miles north of Neola, UT in timber. Community watershed and wildlife habitat are threatened. Occasional flare-ups were observed. No further information was received.

FRANK CHURCH, Payette National Forest. A Wildland Fire Use Management Team (Hahnenberg) is assigned. This lightning-caused Wildland Fire Use (WFU) incident, comprised of the Bear Creek, Root Creek, West Fork/Joe, Missouri Ridge and several other fires is 50 miles northeast of McCall, ID in timber. The fire is being managed to accomplish resource objectives. Commercial property, residences and historical structures remain threatened. Structure protection is in place. Smoldering and creeping were observed.

NINE SHOT, Salmon-Challis National Forest. This lightning-caused Wildland Fire Use (WFU) incident is 35 miles west of Challis, ID, in timber. The fire is being managed to accomplish resource objectives. Trails have been closed and precautionary safety measures implemented for river traffic on the Payette River.

## **WESTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:**

NORTH ROAD, Winnemucca Field Office, Bureau of Land Management. The fire is five miles southeast of McDermitt, NV in sage brush and grass. Sage grouse habitat and cultural resources continue to be threatened. Creeping and smoldering were observed. No further information was received.

CHANCE, Northern Region, Nevada Division of Forestry. A Type 2 Incident Management Team (Brunner) is assigned. This fire is six miles northeast of Elko, NV in sagebrush, grass and juniper. Creeping and smoldering fire behavior were observed. Significant progress was made establishing containment lines.

GRASS SPRINGS, Humboldt-Toiyabe National Forest. The fire is eight miles southeast of Austin, NV in grass, sage brush, pinyon pine, and juniper. No further information was received.

## OUTLOOK:

**Red Flag Warnings:** For the northern and central Sacramento Valley and surrounding foothills (below 3000 ), and for Lake County, through 6 PM PDT Wednesday. Warning is for gusty north winds and low humidity.

**Weather Discussion:** An upper level low pressure system will move across the northern Plains today with strong gusty winds, showers, and thunderstorms. Cooler conditions will spread eastward across the Rockies today. Winds will die down behind the front in the Great Basin and western Rockies, and the dry offshore flow in the northern Sacramento Valley of California will weaken. Showers will continue in Alaska mainly over the eastern portion of the state.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
<b>NORTHERN ROCKIES</b> Weak upper level ridge will build across the geographic area with partly cloudy skies and mild temperatures.	West of divide: 70 to 75 East of divide: 70 to 75 North Dakota: 70 to 75	West of divide: 25 to 30% East of divide: 25 to 30% North Dakota: 30 to 40%	West of divide: West 5 to 10 mph East of divide: West 5 to 10 mph North Dakota: North to northwest 5 to 15 mph
<b>Northern California</b> Sunny and a little warmer.	90s in warmest inland valleys	7 to 17% many inland areas	Morning: North to east 6 to 15 mph, with gusts 20s over exposed ridges from Cascade/ Sierra crest westward. Local morning gusts 35 to 45 mph down the Feather River canyon. Afternoon: Variable under 12 mph, mainly west to north.
<b>Southern California</b> Morning low clouds and fog southern California coastal basin, otherwise mostly sunny.	80 to 95 mountains. 85 to 95 valleys. 95 to 100 upper deserts. 105 to 112 lower deserts.	5 to 15% except 15 to 30% Southern California.	Northeast 8 to 20 mph except southwest to northwest 10 to 20 mph Southern California.

<b>Eastern Great Basin</b> Mostly sunny area wide.	Idaho, Bridger-Teton: 59 to 68 mountains, 68 to 85 valleys. Northern Utah: 62 to 72 mountains, 72 to 88 valleys. Southern Utah, Arizona Strip: 72 to 85 mountains, 85 to 99 valleys except 100 to 109 Lake Mead area.	Idaho, Bridger-Teton: 20 to 30% mountains, 15 to 25% valleys. Northern Utah: 18 to 25% mountains, 12 to 20% valleys. Southern Utah, Arizona Strip: 18 to 28% mountains, 12 to 20% valleys.	Idaho, Bridger-Teton: Upslope/upvalley 3 to 5 mph. Northern Utah: Upslope/upvalley 3 to 5 mph. Southern Utah, AZ Strip: Upslope/upvalley 4 to 8 mph.
<b>Rocky Mountain</b> Mainly dry, with only isolated afternoon thunderstorms in southern Colorado, and a few showers or thunderstorms over far eastern portions of the region.	70s with 60s in the mountains.	RH below 15% is expected across lower elevations of southern Wyoming and western Colorado, with 15% to 20% in central Wyoming, and 25% to 40% elsewhere.	North to northwest winds of 15 to 25 mph in the eastern plains, otherwise variable 5 to 15 mph.
<b>Northwest Area</b> East of Cascades: Mostly Sunny. West of Cascades: morning clouds north, becoming partly sunny. Mostly sunny south.	East of Cascades: 75 to 90, warmest south. West of Cascades: 70s north to mid 80s south. 60s on coast.	East of Cascades: 15 to 30%, but 35 to 45% in WA mountains. West of Cascades: 20 to 40% highest north	Generally North to northwest 5 to 15 mph except 15 to 20 mph on the east slopes Washington Cascades and through Columbia Gorge.
<b>Western Great Basin</b> Sunny skies.	North valleys: 80 to 93 South valleys: 84 to 104 Mountains: 63 to 84	North valleys: 7 to 16% South valleys: 8 to 18% Mountains: 12 to 20%	Light and variable winds, mostly upslope/upvalley 3 to 8 mph with westerly afternoon gusts 15 to 20 mph.
