

**INCIDENT MANAGEMENT SITUATION REPORT
SUNDAY, JULY 17, 2005 0800 MDT
NATIONAL PREPAREDNESS LEVEL 2**

CURRENT SITUATION:

Initial attack activity was moderate nationally with 271 fires reported. Eight new large fires were reported, three in the Eastern Great Basin Area, two each in the Southwest and Western Great Basin Areas and one in the Rocky Mountain Area. Four large fires were contained, two in the Southwest Area and one each in the Western Great Basin and Rocky Mountain Areas. Very high to extreme fire indices were reported in Alaska, Arizona, California, Colorado, Idaho, Michigan, Montana, Nebraska, New Mexico, Nevada, South Dakota, Utah and Wyoming.

SOUTHWEST AREA INCIDENTS / LARGE FIRES:

FLORIDA, Coronado National Forest. A Type 1 Incident Management Team (Oltrogge) is assigned. This fire is 11 miles southeast of Green Valley, AZ in brush, timber litter and understory. Evacuations are in effect for Madera Canyon. Structure protection is in place for the community of Madera Canyon, the Mt. Hopkins Observatory and the Florida Work Center. Spotted Owl, migratory bird habitat and the Mt. Wrightson Wilderness area remain threatened. Strong down drafts produced active with short crown runs.

RIDGE COMPLEX, Kaibab National Forest. A Type 2 Incident Management Team (Reinarz) has been ordered. This complex comprised of the Ridge, Nail, Warm Springs, Single Tree and Oak fires, in hardwood litter, 15 miles southeast of Jacob Lake, AZ. A power substation is threatened. The fire is making downhill runs with running crown fire.

DRAGON COMPLEX, Grand Canyon National Park. A Fire Use Management Team (Cones) is assigned. This lightning-caused Wildland Fire Use (WFU) complex, comprised of the Dragon, Spine, Basin and Marble fires is being managed to accomplish resource objectives. This complex is 10 miles north of Grand Canyon Village, AZ in mixed conifer, ponderosa pine, aspen and dead and down fuel. Widforss Trail remains closed for two miles. Some torching and spotting in mixed conifer occurred.

WAHOO, Gila National Forest. This fire is 21 miles northwest of Winston, NM in timber, brush, hardwood slash and litter. Creeping, flanking and backing surface fire with occasional torching were reported. This fire is being managed in a confinement status.

BULL RUN, Coconino National Forest. This fire is 10 miles southeast of Camp Verde, AZ in grass, chaparral and juniper. Spreading in grass and brush with some juniper torching was reported. Due to the remote location, this fire is in monitor status.

BRUSH, Gila National Forest. This fire is 25 miles northwest of Silver City, NM in hardwood litter and brush. The fire is in monitor status. No further information was received.

WESTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:

CARLIN, Nevada Division of Forestry, Northern Region. This fire is north of Carlin, NV in brush and grass. The City of Carlin and grazing allotments are threatened. A portion of Interstate 80 was closed. Spotting and high rates of spread were reported.

NORTH VALLEY, Winnemucca Field Office. A Type 2 Incident Management Team (Giachino) has been ordered. This fire is 10 miles north of Orovada, NV in grass and sagebrush. Ranches are threatened. No further information was received.

CONTACT, Elko Field Office, Bureau of Land Management. A Type 2 Incident Management Team (Suwyn) has been ordered. This fire is 20 miles south of Jackpot, NV in cheatgrass and sagebrush. No new information was reported.

WILSON, Nevada Division of Forestry, Northern Region. This fire is one mile north of Wilson Reservoir, NV in cheatgrass and sagebrush. Structure protection is in place. The fire experienced major runs to the northeast caused by winds.

GOLD QUARRY MINE, Nevada Division of Forestry, Northern Region. This fire is 10 miles north of Carlin, NV in grass, sage, pinyon and juniper. Rough terrain makes this fire inaccessible to engines. No further information was received.

ROCKY MOUNTAIN AREA INCIDENTS / LARGE FIRES:

RICCO, Black Hills National Forest. This fire is two miles south of Piedmont, SD in ponderosa pine, logging slash and hardwood litter. Interior islands continue to burn out. Crews continue with mopup and rehabilitation. No further information was received.

TRAIL EAST, San Juan Field Office, Bureau of Land Management. A Type 2 Incident Management Team (Blume) is assigned. This fire is nine miles southwest of Hesperus, CO in pinyon and juniper. Erratic fire behavior due to gusty winds from thunderstorm cells was observed.

SAGE HEN, Rawlins Field Office (South Zone), Bureau of Land Management. This fire is 25 miles northwest of Pathfinder Reservoir, WY in limber pine, juniper, sage and grass. Runs and long range spotting were reported.

PACK TRAIL, White River Field Office, Bureau of Land Management. A Fire Use Management Team (Cook) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. This fire is 10 miles west of Meeker, CO in timber litter, brush and hardwood slash. Active surface fire spread with group torching, short duration crown runs and short range spotting was reported.

EASTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:

CLOVER, Twin Falls District, Bureau of Land Management. A Type 2 Incident Management Team (Saleen) is assigned. This fire is 30 miles south of Hammett, ID in grass and brush. Several ranch homes are threatened. Fire whirls, running and extreme fire behavior were reported.

WEST GILSON, Richfield Field Office, Bureau of Land Management. This fire is 21 miles southwest of Nephi, UT in cheatgrass. No new information was reported.

DAMMERON, Cedar City Field Office, Bureau of Land Management. This fire is north of Diamond Valley, UT in pinyon, juniper and grass. Residences are threatened. The fire reported spotting, torching and running.

FRISCO, Cedar City Field Office, Bureau of Land Management. This fire is 10 miles northwest of Milford, UT in pinyon, juniper and grass. Torching, running, spotting and crowning were reported.

SMITH MESA #3, Southwest State, Division of Forestry, Fire and State Lands. This fire is 6 miles north of Virgin, UT in grass. Running and backing on the east side and torching in the interior were reported.

ALASKA AREA INCIDENTS / LARGE FIRES:

BOUNDARY CREEK, Alaska Fire Service, Upper Yukon Zone. A Type 2 Incident Management Team (Chrisman) has been ordered. This fire started on Alaska Native Claims Settlement Act land six miles southeast of Eagle, AK in black spruce, hardwood litter and understory. Cabins and outbuildings are threatened. The fire spread to the west and south. Smoldering, creeping, torching, running and spotting were observed. No further information was received.

FOX CREEK, Kenai-Kodiak Area Forestry, Alaska Division of Forestry. This incident is being managed to accomplish resource objectives. This fire is 35 miles southeast of Soldotna, AK in beetle-killed spruce, hardwoods, timber litter and understory. Isolated torching and backing was observed on the eastern and southern perimeters.

IRISH CHANNEL, Kenai-Kodiak Area Forestry, Alaska Division of Forestry. This incident is being managed to accomplish resource objectives. This fire started on Fish and Wildlife Service land 20 miles southeast of Sterling, AK in hemlock, spruce, hardwoods, and deep timber litter. Isolated torching and backing on the east and south flanks were observed. The fire is in monitor status. This will be the last narrative report unless significant activity occurs.

SOUTHERN AREA INCIDENTS / LARGE FIRES:

HURRICANE DENNIS RESPONSE, Federal Emergency Management Agency (FEMA). A Unified Command between a Type 1 Incident Management Team (Custer) and a Florida State All-Risk Incident Management Team (Koehler) is in place at Duke Field, Eglin Air Force Base, FL. A Florida State All-Risk Incident Management Team (Hill) is in place at Saufley Field, Pensacola Naval Air Station, FL. A Type 1 Incident Management Team (Feser) is in place at Maxwell Air Force Base, AL. The Teams are managing receiving and distribution centers, points of distribution and Logistical Staging Areas. The teams are working in cooperation with the National Guard, Florida Division of Forestry, the Florida State Emergency Response Team, Alabama Department of Transportation and Emergency Management Agency, Army Corps of Engineers, American Red Cross, and the military. A National Park Service All-Risk Incident Management Team (Panko) is managing the rehabilitation and recovery work at Gulf Islands National Seashore, FL.

NORTHERN ROCKIES AREA INCIDENTS / LARGE FIRES:

BRANDON COULEE, Charles M. Russell National Wildlife Refuge, Fish and Wildlife Service. This fire is 55 miles south of Malta, MT in sage and grass. Progress was made with burn out operations.

OUTLOOK:

Red Flag Warnings: Winds for northeast Wyoming and the Black Hills.

Weather Discussion: A cold front will move away from the Northern Rockies Area and into the northern Plains, bringing slightly cooler weather to Idaho and Montana today. Some thunderstorms will erupt ahead of the front in the Great Lakes Region. In the Great Basin, drying will occur today with much less thunderstorm activity than the previous two days. In the Southwest, some thunderstorm activity will occur over higher elevations along the border between Arizona and New Mexico.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Southwest Partly to mostly sunny and hot. Widely scattered, mainly dry thunderstorms in northeast Arizona and northwest New Mexico. Scattered wet storms in the remainder of eastern Arizona and western New Mexico. Isolated wet storms eastern New Mexico and west Texas.	Mountains: 70 to 95. Lower elevations: 90 to 115.	Arizona and western New Mexico: 5 to 20%. Eastern New Mexico and western Texas: 20 to 35%.	Arizona and western New Mexico: west to northwest 5 to 15 mph with gusts to 25 mph. Eastern New Mexico and western Texas: south to southeast 10 to 20 mph.
Rocky Mountain Mainly Dry. Isolated dry thunderstorms over southern Colorado and scattered thunderstorms in Kansas.	South: Mainly 90 s with mountains in the 70 s to lower 80 s. North: Upper 70 s to lower 80 s with mountains in the mid 60 s to mid 70 s.	Western Colorado: 5 to 10%. Central and southern Wyoming and southeast Colorado: 12 to 20%.	Northwest 15 to 30 mph over northeast Wyoming and the Black Hills. West 10 to 20 mph over western Colorado into southwest Wyoming.
Eastern Great Basin Mostly sunny and a little cooler region wide.	Idaho, Bridger-Teton: Mountains: 62 to 78. Valleys: 79 to 91. Northern Utah: Mountains: 71 to 90. Valleys: 87 to 98. Southern Utah, Arizona Strip: Mountains: 79 to 91. Valleys: 91 to 103. Deep southwest Utah and Arizona Strip: 103 to 114.	Idaho, Bridger-Teton: Mountains: 15 to 30%. Valleys: 14 to 23%. Northern Utah: Mountains: 17 to 33%. Valleys: 9 to 17%. Southern Utah, Arizona Strip: Mountains: 14 to 21%. Valleys: 9 to 14%.	Idaho, Bridger-Teton: Western areas: North 5 to 10 mph. Eastern areas: West 10 to 15 mph. Northern Utah: North 15 to 20 mph. Southern Utah, Arizona Strip: North 15 mph.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Alaska Mostly cloudy with scattered showers and isolated thunderstorms	60 s to 70 s.	35% to 45%.	West winds 5 to 15 mph.
Southern California Areas of morning low clouds and fog along the coast, otherwise sunny.	Mountains: 85 to 100. Valleys: 95 to 108. Upper deserts: 100 to 110. Lower deserts: 110 to 120.	Inland: 5 to 15%. Coast: 25 to 45%.	Variable 5 to 15 mph.
Northern California Continued sunny and hot.	Mostly 90 s to 108.	Driest inland locations: 8 to 22%. Areas of poor nighttime recovery in the upper slopes and ridges.	Afternoon wind westerly 5 to 12 mph, locally 6 to 18 mph and gusty east of the Sierra Cascade crest.
