

INCIDENT MANAGEMENT SITUATION REPORT
SUNDAY, JULY 24, 2005 0800 MDT
NATIONAL PREPAREDNESS LEVEL 3

CURRENT SITUATION:

Initial attack activity was moderate nationally with 235 fires reported. Seven new large fires were reported, two each in the Rocky Mountain and Southwest Areas, and one each in the Eastern Great Basin, Northwest and Western Great Basin Areas. Nine large fires were contained, two each in the Northern Rockies, Southwest and Eastern Great Basin Areas, and one each in the Northwest, Southern and Western Great Basin Areas. Very high to extreme fire indices were reported in Alaska, Arizona, California, Colorado, Idaho, Montana, Nebraska, Nevada, New Mexico, Oregon, South Dakota, Utah and Wyoming.

SOUTHWEST AREA INCIDENTS / LARGE FIRES:

TWIN MILLS, Phoenix Field Office, Bureau of Land Management. A Type 2 Incident Management Team (Philbin) has been ordered. This fire is 25 miles northwest of Kingman, AZ in grass, desert shrub and juniper. The community of Golden Valley and bighorn sheep habitat are threatened. Thunderstorms producing high winds caused extreme fire behavior.

KNOLES, Tonto National Forest. This fire is 17 miles south of Young, AZ in timber litter. Steep, rocky terrain with heavy fuel loading continues to impede suppression efforts. The fire is backing towards Cherry Creek.

EDGE COMPLEX, Tonto National Forest. A Type 2 Incident Management Team (Lineback) is assigned. This complex, comprised of the Edge and Valentine fires, is 20 miles northeast of Mesa, AZ in short grass and brush. Evacuation order has been cancelled. Structure protection remains in place for the community of Sunflower, power lines and the Mount Ord Electronic site. Endangered species habitat remained threatened. Highways 87 and 188 have been reopened. Creeping and smoldering were reported.

BARFOOT, Coronado National Forest. This fire is 35 miles southwest of Willcox, NM in mixed conifer. A church camp remains evacuated. Structures at Rustler Park and Spotted Owl habitat remain threatened. Structure protection is in place. Active fire behavior was reported.

PEACHVILLE, Tonto National Forest. This fire is four miles north of Superior, AZ in chaparral. Interior pockets of fuel continue to burn. Burnout operations are scheduled.

BEAR, San Carlos Agency, Bureau of Indian Affairs. A Type 2 Incident Management Team (Smith) is assigned. This fire is 30 miles north of San Carlos, AZ in chaparral, pinyon, juniper and brush. Rangeland and wildlife habitat remain threatened. Active fire behavior with short wind-driven runs were reported.

JEFF, Truxton Canyon Agency, Bureau of Indian Affairs. This fire is 50 miles northwest of Peach Springs, AZ in grass and brush. Moderate fire behavior due to overcast skies and light precipitation.

SH RANCH COMPLEX, Arizona State. This fire is 10 miles east of Bagdad, AZ in short grass. This fire consists of 15 separate lightning-caused fires. Transfer of command back to the local unit will occur today. Minimal fire activity was reported. This fire is in monitor status.

J. CANYON, Arizona State. This fire is 15 miles northeast of Wickenburg, AZ in brush, pinyon and juniper. A transfer of command from a Type 2 Incident Management Team (Raley) back to the local unit occurred today.

DRAGON COMPLEX, Grand Canyon National Park. A transfer of command from a Fire Use Management Team (Cones) back to the local unit is scheduled for today. This lightning-caused Wildland Fire Use (WFU) complex, comprised of the Dragon, Spine, Basin and Marble fires are being managed to accomplish resource objectives. This complex is 10 miles north of Grand Canyon Village, AZ in mixed conifer, ponderosa pine, aspen and dead and down fuel. Fire activity remains minimal. This will be the last narrative report unless significant activity occurs.

CLAY TANK, Truxton Canyon Agency, Bureau of Indian Affairs. This fire is 40 miles northwest of Peach Springs, AZ in cheatgrass and sage. Rugged terrain is hampering control efforts. No further information was received.

DIAMOND, Truxton Canyon Agency, Bureau of Indian Affairs. This fire is 50 miles northwest of Peach Springs, AZ in sage, yucca and grass. Rough terrain continues to hinder suppression efforts. This fire is in monitor status.

GREENBACK, Tonto National Forest. This fire is 12 miles east of Punkin Center, AZ in short grass and chaparral. This fire is in monitor status.

WILLOW, Gila National Forest. This fire is seven miles southwest of Reserve, NM in grass, ponderosa pine, pinyon and juniper. No further information was received.

TWO BAR, Tonto National Forest. This fire is six miles southwest of Roosevelt, AZ in chaparral. Minimal activity was reported. Increase in acreage is due to more accurate mapping.

BRUSH, Gila National Forest. This fire is 25 miles northwest of Silver City, NM in hardwood litter and brush. This fire is in monitor status.

JONES, Gila National Forest. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is 28 miles southwest of Quemado, NM in timber. Backing fire with minimal fire behavior reported.

MILES, Tonto National Forest. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is 10 miles north of Superior, AZ in short grass. Minimal fire activity was reported. This fire continues to be in monitor status.

EASTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:

SUNRISE COMPLEX, Cedar City Field Office, Bureau of Land Management. A Type 2 Incident Management Team (Suwyn) is assigned. This complex, comprised of the Cove, Oak and Sunrise fires is 15 miles from Gunlock, UT in brush. Structure protection is in place for the communities of Gunlock, Veyo and the Dammeron Valley Development. Roads entering Gunlock and portions of Veyo are open to local traffic only. Wind driven runs with 20 foot flame lengths were reported.

DAMMERON COMPLEX, Cedar City Field Office, Bureau of Land Management. A Type 1 Incident Management Team (Sexton) is assigned. This complex, comprised of the Dammeron, Mill Creek, Yant and Stahlie fires, is five miles north of St. George, UT in mixed conifer, pinyon, juniper and grass. The St. George municipal watershed, wildlife habitat and cultural sites remain threatened. Initial attack support is being provided within the area of responsibility. Cloud cover, lower temperatures and higher relative humidity moderated fire behavior.

PARK VALLEY, Northwest State, Utah State. This fire is one mile south of Park Valley, UT in brush. Structures, historic railroad sites and wildlife habitat remain threatened. Running, torching and spotting across the line and the fire made significant runs to the northwest.

TANK COMPLEX, Arizona Strip Field Office, Bureau of Land Management. A Type 2 Incident Management Team (Saleen) is assigned. This complex, comprised of the Tank, Cow and Twist fires is 40 miles south of St. George, UT in pinyon, juniper, grass and brush. Desert tortoise habitat, designated wilderness areas, historic mine structures and grazing allotments remain threatened. Running and torching were observed.

NECK, Cedar City Field Office, Bureau of Land Management. A Type 2 Incident Management Team (Reinarz) has been ordered. This fire is 28 miles north of Cedar City, UT in grass, pinyon and juniper. Natural gas pipelines and Utah prairie dog habitat are threatened. Smoldering, creeping and some torching were reported.

RUPERT, Twin Falls District, Bureau of Land Management. This fire is 10 miles north of Minidoka, ID in tall grass. Grazing habitat, rangeland wells, winter range and wildlife habitat, and Craters of the Moon National Monument and Preserve remain threatened. Running, backing fire and creeping were reported.

FALLS CREEK, Salmon-Challis National Forest. A Fire Use Management Team (Weldon) has been ordered. This fire is 25 miles northeast of Challis, ID in timber and grass. A campground and residences remain threatened. Difficult access, continuous timber and lack of anchor points are hindering control efforts. Interior torching was reported.

MARYSVALE PEAK, Fish Lake National Forest. This lightning-caused Wildland Fire Use (WFO) incident is being managed to accomplish resource objectives. The fire is 14 miles southeast of Richfield, UT in timber litter. Minimal fire behavior was observed.

SHEEP CREEK, Ashley National Forest. This lightning-caused Wildland Fire Use (WFO) incident is being managed to accomplish resource objectives. The fire is 20 miles southwest of Manila, UT in timber litter and lodgepole pine. Heavy rains moderated fire behavior. All resources released.

NORTHERN ROCKIES AREA INCIDENTS / LARGE FIRES:

BIG HORN, Crow Agency, Bureau of Indian Affairs. A Type 2 Incident Management Team (Larsen) is assigned. This fire is 44 miles southeast of Billings, MT in timber, juniper and sagebrush. The fire remains very active. Numerous archaeological sites remain threatened.

BERRY MEADOWS, Beaverhead/Deerlodge National Forest. A Type 2 Incident Management Team (Specht) is assigned. This fire is 12 miles southwest of Jackson, MT in timber. Heavy dead and down fuels, snags and lack of natural barriers is hindering containment efforts. Temporary road closures for the Skinner Meadows Road and Lower Miner Lakes road have been implemented. Isolated torching with minimal fire growth was reported.

BERRET GULCH, Southwestern Land Office, Montana State. A Type 2 Incident Management Team (Cowin) is assigned. This fire started on private land 29 miles northeast of Missoula, MT in medium logging slash. Steep rugged terrain is impeding control efforts. Single tree torching and spot flare-ups within the perimeter were reported.

WESTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:

EAST MORMON, Ely Field Office, Bureau of Land Management. This fire is 20 miles northeast of Mesquite, NV in short grass. Wildlife habitat remains threatened. Slow, creeping fire was reported.

LOOP, Las Vegas Field Office, Bureau of Land Management. This fire is 16 miles west of Las Vegas, NV in grass and brush. Smoke continues to impact the Las Vegas area. Smoldering was reported.

BLUE, Ely Field Office, Bureau of Land Management. This fire is 28 miles north of Mesquite, NV in mesquite, pinyon, juniper and sagebrush. Wildlife habitat is threatened. Smoldering and torching were reported.

ROCKY MOUNTAIN AREA INCIDENTS / LARGE FIRES:

SOUTH SUNDANCE COMPLEX, Black Hills National Forest. A Type 2 Incident Management Team (Mullenix) has been ordered. This fire is 15 miles southeast of Sundance, WY in hardwood litter. Timber and cultural resources are threatened. Group torching with spotting a half mile ahead of the flame front was reported.

PACK TRAIL COMPLEX, White River Field Office, Bureau of Land Management. A transfer of command from a Fire Use Management Team (Cook) to a new Fire Use Management Team (Hahnenberg) will occur today. This lightning-caused Wildland Fire Use (WFU) complex, comprised of Pack Trail, West Jordon and Smith Gulch, is being managed to accomplish resource objectives. This complex is 10 miles west of Meeker, CO in timber litter and brush. Limited growth was reported on the south side of the Pack Trail fire. Cloud cover and high relative humidity moderated fire activity on the West Jordan fire. Primary spread has been to the north with intermittent uphill runs.

BUCK PARK #2, Rio Grande National Forest. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. The fire is 25 miles west of Saguache, CO in timber and litter. Isolated torching and short range spotting were reported. This will be the last narrative unless significant activity occurs.

ALASKA AREA INCIDENTS / LARGE FIRES:

BOUNDARY CREEK, Alaska Fire Service, Upper Yukon Zone. A Type 2 Incident Management Team (Chrisman) is assigned. This fire started on Alaska Native Claims Settlement Act land six miles southeast of Eagle, AK in black spruce and hardwood litter. A portion of the fire is in Canada. Burnout operations were successful. Increase in acreage is due to burnout operations.

FOX CREEK, Kenai-Kodiak Area Forestry, Alaska Division of Forestry. This incident is being managed to accomplish resource objectives. This fire is 35 miles southeast of Soldotna, AK in beetle-killed spruce, hardwoods and timber litter. Smoke impact to surrounding communities and recreational users remain a concern. Smoldering, creeping and isolated torching in interior islands were observed.

MISSION CREEK, Alaska Fire Service, Upper Yukon Zone. A Type 2 Incident Management Team (Chrisman) is assigned. This fire is being managed in conjunction with the Boundary Creek fire. This fire started on Alaska Native Claims Settlement Act land nine miles west of Eagle, AK in black spruce and tundra. Eagle, Eagle Village and structures remain threatened. Difficult terrain and lack of water sources continue to hinder control efforts. Backing, torching and spotting were observed.

NORTHWEST AREA INCIDENTS / LARGE FIRES:

WOOD GULCH, Department of Natural Resources, Washington State. This fire is near Bickelton, WA in grass. Agricultural and pasture lands are threatened. Active fire behavior was reported.

SCHOOLIE RIM, Warm Springs Agency, Bureau of Indian Affairs. This fire is seven miles north of Warm Springs, OR in scattered juniper, grass and sagebrush. Warm Springs Fish Hatchery is threatened. High winds and low relative humidity are hindering containment efforts.

SHITIKE CREEK, Warm Springs Agency, Bureau of Indian Affairs. This fire is two miles west of Warm Springs, OR. No further information was received.

RATTLESNAKE SPRINGS, Warm Springs Agency, Bureau of Indian Affairs. This fire is seven miles east of Warm Springs, OR. No further information was received. This will be the last report unless new information is received.

OUTLOOK:

Weather Discussion: Monsoon moisture over the Southwest area will result in mainly wet scattered thunderstorms and higher humidity across much of the area. The northern and western edge of the monsoon moisture, from the southern Sierras to Nevada, northwest Utah and southern Idaho will see drier conditions and the possibility that any thunderstorm in the area will have a mix of dry lightning with it.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Southwest Partly cloudy. Scattered showers and thunderstorms Arizona and northern and western New Mexico. Isolated storms remainder of eastern New Mexico and west Texas.	70 to 85 mountains. 85 to 102 lower elevations.	18 to 28% lower elevations. 25 to 30% higher elevations.	Variable 5 to 15 mph with gusts to 25 mph Arizona and western New Mexico. South to southeast 10 to 20 mph New Mexico and west Texas.
Eastern Great Basin Idaho, Bridger-Teton: Mostly sunny. Northern Utah: Isolated thunderstorms west, scattered showers and thunderstorms mountains and northeast. Southern Utah, Arizona strip: Scattered showers and thunderstorms.	Idaho, Bridger-Teton: 65 to 80 mountains, 80 to 95 valleys. Northern Utah: 75 to 85 mountains, 86 to 98 valleys. Southern Utah, Arizona strip: 72 to 88 mountains, 85 to 99 valleys	Idaho, Bridger-Teton: 25 to 40% mountains, 15 to 25% valleys Northern Utah: 25 to 40% mountains, 15 to 25% valleys. Southern Utah, Arizona strip: 25 to 40% mountains, 15 to 28% valleys.	Idaho, Bridger-Teton: West/northwest 8 to 15 mph. Northern Utah: South 4 to 8 mph east of Wasatch, upslope to upvalley 4 to 8 mph west of Wasatch. Southern Utah, Arizona strip: Upslope to upvalley 5 to 10 mph.
Northern California Sunny. Areas of coastal low clouds or fog.	90 to near 104 in warmest inland valleys.	8 to 22% driest inland areas.	Afternoon wind southwest to northwest 5 to 15 mph and locally gusting to around 20 mph at the coast and in the northeast.
Rocky Mountain Isolated dry thunderstorms Wyoming and western South Dakota. Scattered thunderstorms elsewhere.	Mid 80 s to mid 90 s (70 s and lower 80 s mtns).	8% to 18% Wyoming, 15 to 20% northwest Colorado and western South Dakota. Higher values elsewhere.	Variable at 8 to 18 mph.
Northern Rockies A westerly flow aloft will bring cooler temperatures today and Monday to all areas. Isolated thunderstorms mainly	West of divide: 75 to 85. East of divide: 85 to 95. North Dakota: 85 to 90.	West of divide: 20 to 30%. East of divide: 20 to 30%. North Dakota: 35 to 45%.	West of divide: west 10 to 15 mph. East of divide: west to northwest 10 to 15 mph. North Dakota: northwest

southern Montana mountains.			10 to 15 mph.
Western Great Basin Mostly sunny across northwestern Nevada, partly cloudy with isolated to scattered showers and thunderstorms across the southeast.	North valleys: 90 to 105. South valleys: 90 to 105. Mountains: 78 to 92.	North valleys: 7 to 15%. South valleys: 12 to 22%. Mountains: 15 to 30%.	Southwest to west at 5 to 15 mph with afternoon gusts of 25 to 30 mph across the north.
Southern California Patchy morning low clouds and fog along the coast, otherwise sunny over central California, except becoming partly cloudy with isolated showers and thunderstorms over the Sierra in the afternoon. Partly to mostly cloudy with showers and thunderstorms over southern California.	80 to 95 mountains. 90 to 105 valleys. 100 to 110 upper deserts. 100 to 110 lower deserts.	15 to 30% central California and 35 to 55% southern California.	Southeast to southwest 5 to 15 mph.
Northwest Area Mostly Sunny. Areas of morning clouds along the coast and western interior valleys. Across extreme northeast Washington, partly cloudy with isolated afternoon shower.	East of Cascades and southwest Oregon: 85 to 95, but 75 to 85 in the mountains. Rest of area west of Cascades: 75 to 85, but 60 s on coast.	East of Cascades: 15 to 25%, but locally near 10% flatlands. West of Cascades: 35 to 45%, but 50 to 60% along the coast.	Light wind, becoming northwest 10 to 15 mph. However, along east slopes of Washington Cascades and Columbia Basin, wind becoming west to northwest 15 to 25 mph.
Northern Rockies A westerly flow aloft will bring cooler temperatures today and Monday to all areas. Isolated thunderstorms mainly southern Montana mountains.	West of divide: 75 to 85. East of divide: 85 to 95. North Dakota: 85 to 90.	West of divide: 20 to 30%. East of divide: 20 to 30%. North Dakota: 35 to 45%.	West of divide: west 10 to 15 mph. East of divide: west to northwest 10 to 15 mph. North Dakota: northwest 10 to 15 mph.
