

**INCIDENT MANAGEMENT SITUATION REPORT
SUNDAY, JULY 31, 2005 0800 MDT
NATIONAL PREPAREDNESS LEVEL 3**

CURRENT SITUATION:

Initial attack activity was light nationally with 180 fires reported. Nine new large fires were reported, five in the Western Great Basin, and one each in the Rocky Mountain, Eastern Great Basin and Southern California Areas. Five large fires were contained, two in the Rocky Mountain Area and one each in the Northwest, Northern Rockies and Western Great Basin Areas. Very high to extreme fire indices were reported in Alaska, Arizona, California, Colorado, Idaho, Montana, Nebraska, Nevada, Oregon, South Dakota, Utah and Washington.

NORTHWEST AREA INCIDENTS / LARGE FIRES:

BLOSSOM COMPLEX, Siskiyou National Forest. A Type 2 Incident Management Team (Paul) is assigned. This complex, comprised of the Huggins, Blossom and Solitude fires, is 25 miles northeast of Gold Beach, OR in timber. The Blossom fire reported increased fire activity with torching, backing and rolling debris.

SIMPSON, Oregon Department of Forestry. An Oregon Department of Forestry Incident Management Team (Savage) is assigned. This fire is six miles north of Klamath Falls, OR in grass, brush, timber and log decks. Steep rocky terrain, poor access, thunderstorms, erratic winds, high temperatures and low relative humidity continue to hamper containment efforts. Active burning was reported.

MULE PEAK, Wallowa-Whitmann National Forest. A Type 2 Incident Management Team (West) is assigned. This fire is 20 miles southeast of La Grande, OR in timber and grass. Mule Peak Lookout and outbuildings remain threatened. Significant runs were reported.

WASSON, Oregon Department of Forestry. An Oregon Department of Forestry Incident Management Team (Walker) is assigned. This fire is 15 miles east of Eagle Point, OR in grass and timber. Residences, a tiger sanctuary and Northern Spotted Owl and Peregrine Falcon nesting sites remain threatened. Steep terrain is impeding containment efforts. Successful burnout operations were completed. Interior torching was observed.

BURNT RIVER COMPLEX, Wallowa-Whitmann National Forest. A Type 2 Incident Management Team is assigned. This complex is being managed as a unified command between the U.S. Forest Service and Oregon Department of Fish and Wildlife. This complex, comprised of seven fires, is 13 miles south of Sumpter, OR in timber and grass. Bald Eagle nesting sites, fish habitat and range improvements remain threatened. Individual tree torching, spotting and interior islands of concentrated fuel are burning.

DRY CABIN, Malheur National Forest. A Type 2 Incident Management Team (Goheen) is assigned. This fire is eight miles southeast of Dayville, OR in timber. Aldrich Lookout, communications sites, several cabins, a guard station, Dry Cabin Wildlife Area and Cedar Grove Botanical Area are threatened. Lack of water supply, difficult access and rolling, burning debris are impeding containment efforts. Torching, with short runs was observed.

DOUBLE MOUNTAIN, Vale District, Bureau of Land Management. A Washington Interagency Incident Management Team (Jennings/Perry) is assigned. This fire is eight miles south of Vale, OR in grass. Moderate fire behavior was reported.

SKULL SPRINGS, Vale District, Bureau of Land Management. This fire is 42 miles north of Burns Junction, OR in grass and sagebrush. The fire received a trace amount of precipitation with minimal fire behavior reported.

EASTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:

SNAKE ONE, Payette National Forest. This fire is 21 miles northwest of Weiser, ID in grass. A Type 2 Incident Management Team (Whalen) is assigned. Structure protection for Mountain Man Lodge and local residences remains in place. Grazing allotments are threatened. Steep, rugged terrain continues to hinder containment efforts. Short uphill runs, short range spotting and active backing were reported.

FALLS CREEK, Salmon-Challis National Forest. A Fire Use Management Team (Weldon) is assigned. The fire is 25 miles northeast of Challis, ID in timber and grass. This fire is being managed using a confine/contain strategy. Lower temperatures and higher relative humidity moderated fire behavior.

CAMP SPRINGS, Southern Piute Agency, Bureau of Indian Affairs. This fire is three miles west of Shivwits, UT in grass. The fire reported short runs and upslope creeping.

DAMMERON COMPLEX, Cedar City Field Office, Bureau of Land Management. This complex, comprised of the Dammeron, Mill Creek, Yant and Stahlie fires, is five miles north of St. George, UT in mixed conifer, pinyon, juniper and grass. The Mill Creek, Yant and Stahlie fires are contained. The Dammeron fire reported isolated hotspots and minimal fire behavior.

SHEEP CREEK, Ashley National Forest. A Fire Use Management Team (Clark) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is 20 miles southwest of Manila, UT in timber litter and lodgepole pine. The fire is being managed to accomplish resource objectives. Active surface spread through dead and down fuels, spotting and group torching was observed.

WESTERN GREAT BASIN AREA INCIDENTS / LARGE FIRES:

SHEEP, Desert National Wildlife Refuge. This fire is 25 miles northwest of Las Vegas, NV in tall grass. Desert Tortoise habitat is threatened. Thunderstorms caused significant wind driven downhill runs. Mormon Will road has been closed.

HIKO, Elko Field Office, Bureau of Land Management. This fire is 18 miles southeast of Caliente, NV in grass and sagebrush. South Pahroc Wilderness area and wildlife habitat are threatened. Running with spotting was reported.

MEADOWS, Ash Meadows National Wildlife Refuge. This fire is 18 miles southeast of Amargosa Valley, NV in brush. Endangered Species habitat is threatened. Interior smoldering was reported.

MINT, Elko Field Office, Bureau of Land Management. This fire is 52 miles northwest of Carlin, NV in grass and sagebrush. Wildlife habitat, horse range and grazing lands are threatened. Minimal fire behavior was reported.

VEGAS, Desert National Wildlife Refuge. This fire is 15 miles northwest of Las Vegas, NV in tall grass. Desert Tortoise habitat is threatened. Thunderstorms caused significant wind driven runs.

BUCKSKIN, Winnemucca Field Office, Bureau of Land Management. This fire is 16 miles north of Orovada, NV in grass and brush. Erratic winds produced extreme fire behavior.

RATTLESNAKE, Nevada Division of Forestry, Northern Region. This fire is 24 miles northeast of Ruby, NV in grass and brush. No new information was reported.

NEWMONT, Nevada Division of Forestry, Northern Region. This fire is 12 miles northwest of Carlin, NV in grass and brush. No new information was reported.

ALASKA AREA INCIDENTS / LARGE FIRES:

NULATO #3, Alaska Fire Service, Galena Zone. A Type 2 Incident Management Team (Jandt) has been ordered. This fire is four miles northwest of Nulato, AK in brush. Native allotments are threatened. The fire has burned together with the Nulato West incident. Smoke continues to impact flight operations. Moderate fire behavior with running and torching was observed.

BEAVER CREEK, Alaska Fire Service, Upper Yukon Zone. This fire is 45 miles northwest of Fairbanks, AK in timber. Smoke continues to hamper aircraft visibility. The Alyeska Pipeline, residences in the Wildwood Subdivision and recreational land parcels are threatened. Minimal fire behavior was reported.

BOUNDARY CREEK, Alaska Fire Service, Upper Yukon Zone, Bureau of Land Management. A Type 2 Incident Management Team (Chrisman) is assigned. This fire is being managed in conjunction with the Mission Creek fire. This fire started on Alaska Native Claims Settlement Act land six miles southeast of Eagle, AK in black spruce and hardwood litter. A portion of the fire is in Canada. Liberty, Eagle, Eagle Village, structures and native allotments remain threatened. Spotting ahead of the fire was reported.

MISSION CREEK, Alaska Fire Service, Upper Yukon Zone. A Type 2 Incident Management Team (Chrisman) is assigned. This fire is being managed in conjunction with the Boundary Creek fire. This fire started on Alaska Native Claims Settlement Act land nine miles west of Eagle, AK in black spruce and tundra. Structures in and around Eagle remain threatened. Difficult terrain and lack of water sources continue to impede control efforts. Precipitation and cooler temperatures moderated fire behavior. A reduction in acreage is due to more accurate mapping.

SOUTHERN CALIFORNIA AREA INCIDENTS / LARGE FIRES:

PINYON COMPLEX, Inyo National Forest. This complex, comprised of the Oak Creek, Pinyon and Hogback fires is six miles northwest of Independence, CA in timber and brush. Patrol status continues along the north and south forks of Sawmill Creek due to safety concerns and difficult terrain. Creeping with sporadic torching was reported.

KINGSTON 2, California Desert District, Bureau of Land Management. This fire is 31 miles southeast of Shoshone, CA in brush. Moderate rates of spread in the afternoon was reported.

COMB COMPLEX, Sequoia & Kings Canyon National Park. A Fire Use Management Team (Hall) is assigned. This lightning-caused Wildland Fire Use (WFU) complex, comprised of the Comb WFU and Junction fire is 18 miles northeast of Grant Grove, CA in mixed conifer and chaparral. The fire is being managed to accomplish resource objectives. Minimal fire behavior was reported.

OUTLOOK:

Weather Discussion: The Four Corners high will continue to circulate moisture over the West. With an approaching Pacific trough, the flow aloft should become more southerly and help spread the thunderstorms a little further north in the Pacific Northwest and Northern Rockies as compared to Saturday. In Alaska, a low pressure system over the central and eastern interior will maintain cool temperatures and high humidity over much of the state.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Western Great Basin Partly cloudy with isolated to scattered showers and thunderstorms.	North Valleys: 86 to 101. South Valleys: 90 to 106. Mountains: 73 to 88.	North Valleys: 10 to 20% South Valleys: 18 to 30% Mountains: 20 to 38%	South to southwest 5 to 10 mph with local afternoon gusts of 15 to 25 mph.
Northern California Sunny to partly cloudy. Slight chance of afternoon and evening thunderstorms in the northern and eastern mountains, mainly the east.	90s to near 103 in warmest inland valleys.	10 to 22% in driest inland areas.	Afternoon winds mostly south-southwest to northwest, mostly 3 to 12 mph. Local areas of gusts around 25 mph east of the Cascade/Sierra crest.
Northern Rockies High pressure dominates with hot and dry conditions all areas. Subtropical moisture will bring isolated mainly mountain thunderstorms to the mountains of Idaho and Montana.	West of divide: 85 to 95. East of divide: 95 to 103. North Dakota: 93 to 99.	West of divide: 12 to 25% East of divide: 15 to 25% North Dakota: 20 to 30%	West of divide: southwest 5 to 15 mph. East of divide: southeast to southwest 5 to 15 mph. North Dakota: north to east 5 to 15 mph.
Rocky Mountain Scattered afternoon thunderstorms with isolated dry thunderstorms.	Upper 80s to mid 90s mountains mid 70s and 80s.	8 to 20% northern portions and southern Colorado, with 15 to 25% elsewhere and the mountains.	Variable 8 to 18 mph, except south 15 to 25 mph across Kansas.
Eastern Great Basin Partly cloudy Idaho and Bridger-Teton with isolated scattered thunderstorms. Mostly cloudy Utah with scattered showers and thunderstorms, more widespread over the mountains.	Idaho, Bridger-Teton: 72 to 82 mountains, 85 to 99 valleys. Northern Utah: 73 to 86 mountains, 85 to 96 valleys. Southern Utah, Arizona Strip: 75 to 90 mountains, 90 to 104 valleys.	Idaho, Bridger-Teton: 30 to 45% mountains, 15 to 25% valleys. Northern Utah: 30 to 44% mountains, 17 to 32% valleys. Southern Utah, Arizona Strip: 30 to 45% mountains, 16 to 30% valleys.	Idaho, Bridger-Teton: Upslope and light. Northern Utah: Upslope/upvalley 4 to 10 mph. Southern Utah, Arizona Strip: Upslope/upvalley 5 to 10 mph.
Southern California Areas of morning low clouds and fog in some coastal areas. Mostly sunny in the valleys. Partly cloudy to cloudy in the afternoon over the mountains and deserts with widely scattered thundershowers.	80 to 90 mountains. 90 to 100 valleys. 95 to 105 upper deserts. 105 to 115 lower deserts.	10 to 20% Central California and 20 to 30% Southern California.	Southeast to southwest 8 to 15 mph.

Alaska Partly to mostly cloudy with scattered showers and thunderstorms, except dry in the northwest part of the state.	60s to low 70s.	Above 30%.	Variable 5 to 15 mph.
