## OUTLOOK:

**Weather Discussion:** Low pressure moving across the northwestern states will spark showers and wet thunderstorms today in northern Idaho and western Montana. Northeast Colorado will also see some showers and thunderstorms. Most of the Southwest and Great Basin will begin to see high pressure build, leading to dry and warming conditions. Eastern Alaska will once again be in a dry, windy pattern. The remnants of tropical storm Arlene will move into central Tennessee today.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
