

**INCIDENT MANAGEMENT SITUATION REPORT
FRIDAY, APRIL 21, 2006 0800 MDT
NATIONAL PREPAREDNESS LEVEL 2**

CURRENT SITUATION:

Initial attack activity was light nationally with 163 new fires reported. Three new large fires (*) were reported, two in the Southern Area and one in the Rocky Mountain Area. Two large fires were contained in the Southern Area. Very high to extreme fire indices were reported in California, New Mexico, Colorado, Kansas, Massachusetts, Maine, Michigan, New Hampshire, and Vermont.

SOUTHERN AREA INCIDENTS/LARGE FIRES:

CHEROKEE SOUTH COMPLEX, Cherokee National Forest. A Type 1 Incident Management Team (Quesinberry) is assigned. This fire is three miles southeast of Tellico Plains, TN in timber. Heavy fuel loading is hampering containment efforts. Minimal fire activity was reported.

WEST TEXAS IA, Texas Forest Service. A transfer of command from a Texas State Type 2 Incident Management Team (Hanneman) to a Texas State Type 2 Team (Rogers) has occurred and is assigned in Midland, TX. The Team is assisting local jurisdictions with managing initial and extended attack fires within the 140 million acre fire management response area. No new fires were reported within the management area. Acres, structure losses and costs represent cumulative fire activity for the response area.

DIRTY CREEK, Oklahoma Division of Forestry. This fire started on private land two miles southeast of Oktaha, OK in grass and understory. Structures are threatened. Steep terrain is hampering containment efforts. The fire was active with spotting up to 200 yards.

BULL MOUNTAIN, Virginia Department of Forestry. This fire is northeast of Stuart, VA in hardwood litter. Steep rugged terrain is hampering containment efforts. Numerous residences remain threatened. Ground fire with occasional torching and some upslope runs were reported.

FL SPORTS PARK, Florida Division of Forestry. This fire is near Naples, FL in southern rough. Difficult access is hampering containment efforts. Minimal fire activity was reported.

GARCON-EASTER, Florida Division of Forestry. This fire is five miles south of Bagdad, FL in grass. No further information was received.

STUART, Chickasaw Agency, Bureau of Indian Affairs. This fire is three miles south of Stuart, OK in hardwood litter. No new information was reported.

DANIELS, Okmulgee Agency, Bureau of Indian Affairs. This fire is four miles northeast of Boley, OK in grass and hardwood litter. No new information was reported. This will be the last report unless new information is received.

SULFER CREEK 2, Ozark-St. Francis National Forests. This fire is near Hector, AR in brush. No new information was reported. This will be the last report unless new information is received.

OUTLOOK:

Weather Discussion: A large upper level trough will continue to move across the northern Plains today into the Western Great Lakes. Moisture will increase ahead of this system along the East Coast; however some areas in the Northeast will still battle with dry conditions. Elsewhere, an approaching storm system along the West Coast will create dry and windy conditions for portions of southeast California, southern Nevada, and portions of Arizona and New Mexico.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Southwest Partly cloudy, warm and dry. Increasing high clouds across Arizona and western New Mexico.	80s to low 90s at lower elevations and 50s to 70s at higher elevations.	5 to 15%, except 15% to 30% far eastern New Mexico and west Texas.	South to southwest 10 to 20 mph across the Southwest Area. Afternoon gusts to 30 mph in far western Arizona.
Eastern Area Mostly cloudy with scattered showers and a few thunderstorms across the Great Lakes. A chance of thunderstorms across southeast Missouri, far southern Illinois and Indiana as well as western parts of the Mid-Atlantic states later in the day. Fair weather elsewhere.	70 to 80 over the Mid-Atlantic states as well as Missouri, Illinois, and Indiana. 50 to 60 over the western and northern Great Lakes. 60 to 70 elsewhere.	23 to 33% across the eastern Northeast states. 30 to 40% over Missouri into central Illinois as well as the eastern Mid-Atlantic states. 40 to 50% over the rest of the Eastern Area.	East to southeast at 10 to 18 mph over the eastern Mid-Atlantic and western Northeast states. West to northwest at 8 to 18 mph across the western Great Lakes, Iowa and Missouri.
Southern California Increasing clouds with scattered showers developing in the afternoon over Central California and overnight over Southern California.	50 to 65 mountains. 70 to 80 valleys. 65 to 75 upper deserts. 80 to 90 lower deserts.	20 to 40% Southern California and 30 to 50% Central California.	Southeast to southwest 10 to 20 mph with higher gusts.
Southern Area No information was reported.			
Rocky Mountain Area No information was reported.
