

**INCIDENT MANAGEMENT SITUATION REPORT
TUESDAY, MARCH 21, 2006 0800 MST
NATIONAL PREPAREDNESS LEVEL 2**

CURRENT SITUATION:

Initial attack activity was moderate nationally with 398 new fires reported. Three new large fires were reported and four large fires were contained in the Southern Area. Very high to extreme fire indices were reported in Kansas and Virginia.

The National Interagency Fire Center has requested assistance from the Department of Defense for MAFFS air tanker support. Mission Commander Lieutenant Colonel Mike Exstrom from the 153rd Air Wing based in Cheyenne, Wyoming, two MAFFS C-130 air tankers and support personnel from the 145th Tactical Airlift Wing based in Charlotte, North Carolina are providing support. The MAFFS are based in Albuquerque, New Mexico in support of the Southwest, Rocky Mountain and Southern Areas.

SOUTHERN AREA INCIDENTS/LARGE FIRES:

WEST TEXAS IA, Texas Forest Service. A Texas State Type 2 Incident Management Team (Hanneman) is in place in Granbury, TX. The Team is assisting local jurisdictions with managing existing fires and initial attack within the 220,000 square mile West Zone fire management response area. In addition, Type 2 Incident management Team (Hinds) is working in support of West Texas IA and will be supporting extended attack fires in the zone. No new fires were reported. Rain has mitigated fire potential in some areas of the state. Those areas that did not receive significant rain continue to have high potential for rapid fire spread. Acres, structure losses and costs have been adjusted to represent cumulative fire activity for the response area.

OKLAHOMA FIRE RESPONSE, Oklahoma State. An Oklahoma State Type 2 Incident Management Team (Roberts) is assigned in Shawnee, OK. The Team is assisting local, state, and federal jurisdictions with managing existing fires and initial attack in Oklahoma. The Oklahoma National Guard is assisting with two helicopters. No new fires were reported. Acres, structure losses and costs have been adjusted to represent cumulative ABC Miscellaneous fire activity statewide since January 1.

MENDOTA ROAD, Virginia Department of Forestry. This fire is ten miles northwest of Abington, VA in hardwood litter. No further information was received.

NO MAN S LAND, Ouachita National Forest. This fire is seven miles west of Black Springs, AR in hardwood litter and brush. No further information was received.

EASTERN AREA INCIDENTS/LARGE FIRES:

LOST, Hoosier National Forest. This fire is three miles northeast of Cannelton, IN, in hardwood litter. Steep terrain, heavy fuels, logging slash and numerous snags are hampering containment efforts. The fire received some light precipitation.

OUTLOOK:

Weather Discussion: A storm system will bring rain and snow to the Mid-Atlantic and Southeast coast while dry, windy weather is on tap for the Florida Panhandle. High pressure will bring drier weather to Texas and Oklahoma while another low pressure trough will begin to affect Arizona and New Mexico.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Southwest Area Breezy and dry lower elevations of central and southern New Mexico. Otherwise, breezy area-wide with increasing clouds and chances for rain and higher elevation snow showers northern Arizona and northwest New Mexico, with partly cloudy skies across the remainder of Arizona, New Mexico and west Texas.	30 to 50 mountains and plains of northeast New Mexico and northwest Texas. 50 to 70 across the remainder of Arizona, New Mexico and west Texas.	30 to 50%+ mountains and plains of northeast New Mexico and northwest Texas. 15 to 30% across the remainder of Arizona, New Mexico and west Texas.	South to southwest 15 to 25 mph Arizona and western New Mexico. South to southeast 10 to 20 mph eastern New Mexico and west Texas.
Southern California Area Showers early, then partly cloudy. The snow level will be around 3,000 feet Central California and 5,000 feet Southern California.	30 to 45 mountains. 50 to 60 valleys. 45 to 60 upper deserts. 60 to 70 lower deserts.	35 to 50%.	Southwest to northwest 10 to 20 mph with higher gusts.
Rocky Mountain Area No information was reported.			
Southern Area No information was reported.
