

**INCIDENT MANAGEMENT SITUATION REPORT
FRIDAY, MAY 12, 2006 0530 MDT
NATIONAL PREPAREDNESS LEVEL 2**

CURRENT SITUATION:

Initial attack activity was light nationally with 90 new fires reported. One new large fire (*) was reported in the Western Great Basin Area. One large fire was contained in the Eastern Area. Very high to extreme fire indices were reported in Arizona, Oklahoma, New Mexico and Texas.

SOUTHERN AREA INCIDENTS/LARGE FIRES:

ARECA, Florida Division of Forestry. A Florida State Type 2 Incident Management Team (Jones) is assigned. The Team is also managing the Tosohatchee fire. This fire started on private land six miles northwest of Sharpes, FL in southern rough. State route 528 and Interstate 95 will be shut down as needed due to smoke and fog. Mop-up operations have begun.

WF NEW SMYRNA 44/95, Florida Division of Forestry. This fire is one mile west of New Smyrna, FL in southern rough. Some roads in the area were closed at times due to smoke and fog. Favorable weather has aided containment efforts.

RASELY ROAD, Florida Division of Forestry. A Type 2 Incident Management Team (Beauchamp) is assigned. The team is also managing the WF New Smyrna 44/95 fire. This fire is in Volusia County, FL in southern rough. Smoke and fog are impacting major highways, and Interstate 95 was temporarily closed. Precipitation diminished fire activity.

BERG, Florida Division of Forestry. This fire is 14 miles south of Belle Grade, FL in grass. Burn out operations are continuing. No further information was received.

4 TRACK, Florida Division of Forestry. This fire is 26 miles south of Belle Glade, FL in grass. Smoke is impacting local roadways. Active burning in pockets of fuel with a low rate of spread was reported.

TOSOHATCHEE, Florida Division of Forestry. This fire is six miles southwest of Titusville, FL in timber and southern rough. Difficult access is hampering containment efforts. Smoky conditions and trees falling on local roadways are a concern. Scattered rain fell in the area, reducing fire activity.

BIG BEND, Florida Division of Forestry. This fire is in Osceola County, FL in southern rough. Active fire behavior was reported. No further information was received.

29 POWELL, Florida Division of Forestry. This fire is in Hillsborough County, FL in grass. Interstate 75 is being monitored for smoke and fog. One residence was destroyed. Active burning in pockets of fuel and hurricane debris was reported.

CORBETT TRAIL, Florida Division of Forestry. This fire is four miles south of Indiantown, FL in southern rough. Minimal fire activity was reported. The fire is being monitored.

OUTLOOK:

Red Flag Warnings: In effect for Florida for long durations of low humidities in the mid 20% (in the north) to low 30% (in the south) along with gusty winds up to 25 mph. Red Flag Warnings are also posted for southwest Texas for low humidities in the upper teens and gusty winds to 18 mph.

Weather Discussion: Much drier air will spread into Florida. Hot and dry weather will persist over the Southwest while a low pressure system brings rain to the Great Lakes and Northeast.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Southern Area Florida: Mostly sunny. Southwest Texas: Sunny.	Near 80 in the north to near 90 south. Low 90s.	20s north to lower 30% south. Mid to upper teens.	West/northwest to 15 mph with gusts to 25 mph. Southeast to 18 mph.
Southwest Area Mostly sunny, drier and warmer most areas. A chance of isolated showers or thunderstorms mainly just east of the New Mexico central mountain chain as well as in parts of west Texas.	Sixties to low 80s mountains and lower elevations across the north. Mid 80s to low 100s lower elevations south.	Five to 15% most areas, except 10 to 20% highest elevations of Arizona, New Mexico and west Texas.	West to southwest winds 5 to 15 mph.
Eastern Area Areas of showers over the central and eastern Great Lakes, eastern Iowa, northern Illinois, Indiana, and Ohio, western Pennsylvania, gradually diminishing in the afternoon. Some snow is still possible over the Upper Peninsula of Michigan and far northern Wisconsin. Periods of rain over the Northeast and northern New Jersey. A chance of showers and thunderstorms over the rest of the Mid-Atlantic states. Fair elsewhere.	Sixty-two to 72 over Maine and the southern Mid-Atlantic states as well as southwest Minnesota, Iowa, Missouri, and southern parts of Illinois and Indiana. Forty to 50 over the northern Great Lakes. Fifty to 62 elsewhere.	Thirty to 40% over western Minnesota, Iowa, and Missouri, and eastern and northern Maine. Greater than 40% elsewhere.	North 10 to 20 mph across the Upper Peninsula of Michigan, Wisconsin, and northeast Minnesota with higher gusts in the morning. Northwest to west at 10 to 20 over Iowa and northern Illinois. Southwest 10 to 18 mph over northern Indiana and Ohio. East to northeast at 15 to 30 mph over the Northeast. East to southeast at 10 to 20 mph over the Lower Peninsula of Michigan. Light to moderate wind speeds elsewhere.
Rocky Mountain Area Partly to mostly sunny.	Mid 60s to mid 70s, with 50s in the mountains.	10 to 25% lower elevations of Colorado and Wyoming, with 25 to 40% elsewhere.	Northwest 10 to 25 eastern sections, and from the west-northwest at 10 to 18 mph in the western portions.
Southern California Night and morning low clouds and fog coastal areas, otherwise mostly sunny.	70 to 85 mountains. 80 to 90 valleys. 85 to 95 upper deserts. 100 to 110 lower deserts.	10 to 20%.	Southwest to northwest 5 to 15 mph.
Western Great Basin No information was reported.
