

National Interagency Coordination Center
Incident Management Situation Report
Tuesday, October 3, 2006 - 0530 MDT
National Preparedness Level 2

National Fire Activity

Initial attack activity: Light (74 new fires)

New large fires: 2 (*)

Large fires contained: 2

Uncontained large fires: 7

Area Command Teams: 1

Type 1 IMTs committed: 5

Type 2 IMTs committed: 2

Fire Use Teams:

** Uncontained large fires do not include WFU or confine/contain incidents. **

Northern California Area (PL 4)

New fires: 8

New large fires: 0

Uncontained large fires: 2

Type 1 IMTs committed: 2

Bar Complex (three fires), Shasta-Trinity NF. Transfer of command from IMT 1 (Molumby) to IMT 1 (Opliger) will occur tomorrow. Fourteen miles northwest of Weaverville, CA. Timber and brush. Spotting and backing fire. Structures threatened. Structure protection and road closures in effect.

Uncles Complex (three fires), Klamath NF. Eighteen miles northeast of Orleans, CA. Old growth timber and brush. Backing fire. Historic structures and cultural resources threatened.

Predictive Services Discussion

Rain and mountain snow for much of California this week. A low pressure system will move slowly across California the next few days with significant rain and mountain snow for northern and central California with lesser amounts for southern California. Warmer and drier weather will be on tap for Friday and the weekend. Dry weather is expected to persist across much of the Southeast this week.
