

**National Interagency Coordination Center
Incident Management Situation Report
Tuesday, October 24, 2006 - 0530 MDT
National Preparedness Level 1**

National Fire Activity

Initial attack activity: Light (40 new fires)

New large fires: 0 (*)

Large fires contained:

Uncontained large fires:

Area Command Teams:

Type 1 IMTs committed:

Type 2 IMTs committed:

Fire Use Teams:

** Uncontained large fires do not include WFU or confine/contain incidents. **

Predictive Services Discussion

Gusty winds are expected for portions of California this week. Southern California will see an onshore flow with cooler weather and higher humidity today and Wednesday. Gusty northeast winds and much lower humidity are on tap for Thursday and Friday. Northern California will be cooler today before gusty northeast winds and lowering humidity develop tonight and Wednesday. Thursday and Friday will be warm with diminishing winds.
