

**National Interagency Coordination Center
Incident Management Situation Report
Sunday, June 24, 2007 - 0800 MDT
National Preparedness Level 2**

National Fire Activity

Initial attack activity: Light (101 new fires)
 New large fires: 3 (*)
 Large fires contained: 1
 Uncontained large fires: 13
 Area Command Teams committed:
 NIMOs committed:
 Type 1 IMTs committed:
 Type 2 IMTs committed: 2
 Fire Use Teams committed: 1

** Uncontained large fires do not include WFU or confine/contain incidents. **

Alaska Area (PL 3)

New fires: 5
 New large fires: 0
 Uncontained large fires: 2
 Type 2 IMTs committed: 2

Caribou Hills, Kenai-Kodiak Area Forestry. IMT2 (Jandt). Fifteen miles southeast of Ninilchik, AK. Grass and timber. Short runs, torching and spotting. Numerous structures remain threatened; evacuation orders in effect.

Su River, Mat-Su Area Forestry. IMT 2 (Goheen). Twenty-seven miles southwest of Talkeetna, AK. Black spruce and mixed hardwoods. Smoldering and creeping. Residences and cabins threatened.

Predictive Services Discussion: Dry, windy weather will persist over the Great Basin, southwest Wyoming, western Colorado and northern Arizona today with winds on Monday confined to Wyoming and northwest Colorado. A few mainly dry thunderstorms will occur over the higher elevations of Colorado, New Mexico and southeast Arizona today. Scattered showers are expected over the next couple of days in south central Alaska and the eastern interior. A few thunderstorms are on tap for the Southeast.

OPERATIONAL BRIEFINGS

Operational briefings are critical to safe fire operations. To ensure a consistent and effective briefing, a standardized briefing checklist should always be used. The following checklist is printed on the cover of the NWCG Incident Response Pocket Guide:

● Situation:

- Fire name, location, map orientation, other incidents in the area
- Terrain influences
- Fuel type and conditions
- Fire weather (previous, current, and expected)
- Fire behavior (previous, current, and expected)

● Mission/Execution:

- Command (Incident Commander/immediate supervisor)
- Commander's intent
- Specific tactical assignments
- Contingency plans

● Communications:

- Communication Plan (tactical, command, air/ground frequencies, cell phone numbers, etc.)
- Medivac Plan

● Service/Support:

- Other resources that may be working adjacent to you and those available to order
- Aviation operations
- Logistics (e.g., transportation, supplies, equipment)

● Risk Management:

- Identify known hazards and risks
- Identify control measures to eliminate hazards and reduce risk
- Identify trigger points for disengagement or reevaluation of operational plan
