

National Interagency Coordination Center
Incident Management Situation Report
Saturday, April 26, 2008 – 0800 MDT
National Preparedness Level 1

National Fire Activity

Initial attack activity:	Light (154 new fires)
New large fires:	0 (*)
Large fires contained:	2
Uncontained large fires:	10
Area Command Teams committed:	0
NIMOs committed:	0
Type 1 IMTs committed:	0
Type 2 IMTs committed:	4
Fire Use Teams committed:	0

** Uncontained large fires do not include WFU or confine/contain incidents. **

Southwest Area (PL 3)

New fires:	3
New large fires:	0
Uncontained large fires:	4
Type 2 IMTs committed:	2

Trigo, Cibola NF. Ten miles east of Belen, NM. IMT 2 (Cowie). Hardwood litter. Creeping and backing fire. Structures threatened.

Eagle, Apache-Sitgreaves NF. Twenty-nine miles south of Alpine, AZ. Grass and brush. Moderate activity with uphill runs and isolated torching.

Beehive, Coronado NF. Eighteen miles northwest of Nogales, AZ. IMT 2 (Small). IMT is also managing the Alamo fire. Grass. Creeping and backing fire.

Alamo, Coronado NF. Thirteen miles west of Nogales, AZ. Brush and slash. Creeping and smoldering. Portion of the fire has burned into Mexico.

Southern Area (PL 2)

New fires:	81
New large fires:	0
Uncontained large fires:	4
Type 2 IMTs committed:	2

Texas Winter Fires 2008, Texas Forest Service. IMT 2 (Hannemann). IMT managing the Cathedral fire. IMT is supporting numerous fires throughout western Texas.

Sunrise, National Forests in North Carolina. IMT 2 (Wilder). Fifteen miles northwest of Morgantown, NC. Hardwood litter. Running and backing fire. Structures threatened.

Cathedral, Texas Forest Service. Started on private land ten miles northwest of Marathon, TX. Grass and brush. Wind-driven fire behavior with rapid rates of spread and short-range spotting. Structures threatened.

High Cliff, Tennessee DOF. Three miles west of Jellico, TN. Logging slash. No new information.

Camelot, Tennessee DOF. Four miles northwest of Rogersville, TN. Hardwood litter. No new information.

NO COMMUNICATION LINK WITH CREW MEMBERS, SUPERVISORS & ADJOINING FORCES

Watchout Situation #7 is a danger that must be mitigated by maintaining good communications while working on fires. Firefighters must constantly ask themselves the following questions as situations change on the fireline:

- Can communications be established?
 - Talk about how communications are set up on fires.
 - Review situations where communications were a problem and what was done to fix the problem.
- Is the communication triangle complete?
 - Review the communication triangle and where it comes up in the "10 Standard Fire Orders" and the "18 Watchout Situations."
 - Discuss ways that firefighters can maintain the communication triangle on the fireline.
- Reduce the risks
 - If the situation is complex, wait until communications are in place.
 - Talk about the fires where crews had to leave the line, didn't go out on the line, or something negative happened because communications were inadequate. Discuss what was done to establish communications.
