

**National Interagency Coordination Center
Incident Management Situation Report
Sunday, August 7, 2011 – 0530 MT
National Preparedness Level 2**

National Fire Activity

Initial attack activity:	Light (140 new fires)
New large fires:	11 (*)
Large fires contained:	4
Uncontained large fires: **	30
Area Command Teams committed:	0
NIMOs committed:	0
Type 1 IMTs committed:	0
Type 2 IMTs committed:	1

Nationally, there are 30 large fires being managed to achieve multiple objectives.

** Uncontained large fires include only fires being managed under a full suppression strategy.

Southern Area (PL 3)

New fires:	12
New large fires:	7
Uncontained large fires:	16

Afternoon, Everglades NP. Fifteen miles northwest of Homestead, FL. Grass. No new information. Last report unless new information received.

* **Toothman 2**, Osage Agency, BIA. Two miles northeast of Prue, OK. Hardwood litter and grass. Moderate fire activity.

* **EPW**, Texas Forest Service. Nine miles northeast of Bastrop, TX. Brush. Active fire behavior. Residences threatened.

Gobbler Creek, Okmulgee Field Office, BIA. Two miles northwest of Lamar, OK. Hardwood litter. Minimal fire activity.

* **Dry Creek**, Oklahoma DOF, Three miles northwest of Porum, OK. Grass. No further information received.

Deep Rock, Shawnee Field Office, BIA. Three miles northeast of Cushing, OK. Hardwood litter. No new information.

Blue Gate, Oklahoma DOF. Ten miles south of Clayton, OK. Grass. No new information.

Blue Branch, Ouachita NF. Six miles south of Fanshawe, OK. Grass. Residences threatened. Reduction in acreage due to more accurate mapping. No further information received.

Black Fork, Oklahoma DOF. Fifteen miles east of Clayton, OK. Grass. No new information.

* **Low Gap**, Oklahoma DOF. Ten miles north of Sallisaw, OK. Grass. Residences threatened. No further information received.

* **CR 3116**, Texas Forest Service. Four miles southwest of Anson, TX. Brush. Active fire behavior. Residence threatened.

* **Honey Creek**, Arkansas Forestry Commission. Two miles south of Mason Valley, AR. Hardwood litter. Residences threatened. No further information received.

Workman Farm, Oklahoma DOF. Four miles north of Tahlequah, OK. Residences threatened. No further information received.

Muddy Water, Okmulgee Field Office, BIA. Four miles west of Hanna, OK. Slash. No further information received.

* **Moro Bay**, Arkansas Forestry Commission. Four miles northeast of Moro Bay, AR. Hardwood litter, No further information received.

Hermitage 1, Arkansas Forestry Commission. Five miles southeast of Hermitage, AR. Timber. No new information.

Predictive Services Discussion: Isolated thunderstorms will develop over the Rockies this afternoon, especially over Montana and parts of southern New Mexico. Showers and thunderstorms will develop around a frontal system from eastern Colorado to the Great Lakes. Scattered showers and thunderstorms will occur from New England to the eastern Gulf states. Extreme heat will continue over the southern Plains.

Predictive Services Outlook products: <http://www.predictiveservices.nifc.gov/outlooks/outlooks.htm>

Today's discussion is from the
Fireline Safety Category.

IN COUNTRY NOT SEEN IN DAYLIGHT

Often firefighters arrive on a fire after dark. This is recognized as Watchout Situation #2. Before safely fighting fire in country not seen in daylight, firefighters must be able to answer the following questions:

- Can the resources you are replacing give you a thorough briefing? Identify whom you might get information from. Can you meet up with the departing overhead/resource leaders?
- Can you observe the area/use scouts? List ways you could observe the area you need to work.
- Have escape routes and safety zones been thoroughly scouted and marked for night use? Talk about what constitutes an escape route and a safety zone; who would identify them; and in what ways might they be marked.
- Have potential dangers been located; can they be mitigated? What are the dangers associated with Watchout Situation #2? How can they be worked around?
- Reduce the risks by:
 - Posting lookouts.
 - Checking communications.
 - Retreat if you have doubts about your escape routes or safety zones or the situation becomes too complex. Give examples of arriving on a fire after dark and what was done to allow you to fight fire safely in country not seen in daylight.
 - Identifying prominent geographic features
