

**National Interagency Coordination Center
Incident Management Situation Report
Sunday, February 27, 2011 – 0800 MT
National Preparedness Level 1**

National Fire Activity

Initial attack activity: Light (69 new fires)
 New large fires: 2 (*)
 Large fires contained: 3
 Uncontained large fires: ** 7
 Area Command Teams committed: 0
 NIMOs committed: 0
 Type 1 IMTs committed: 0
 Type 2 IMTs committed: 0

Nationally, there are 0 large fires being managed to achieve multiple objectives.

** Uncontained large fires include only fires being managed under a full suppression strategy.

Southern Area (PL 3)

New fires: 68
 New large fires: 2
 Uncontained large fires: 7

Gus Canalas, Texas Forest Service. Four miles southeast of Premont, TX. Brush and grass. Minimal fire behavior. Structures threatened.

James River Road, Texas Forest Service. Started on private land six miles south of Mason, TX. Brush and grass. No further information received.

HWY 2357 Complex (3 fires), Texas Forest Service. Started on private land six miles northwest of Channing, TX. Brush and grass. Minimal fire activity.

Smith Run, Shenandoah NP. Five miles east of Wakefield Manor, VA. Hardwood slash and brush. Minimal fire activity. Precipitation occurred over the fire area yesterday. Reduction in acreage due to more accurate mapping.

Ford, National Forests in Alabama. Fourteen miles southwest of Moulton, AL. Hardwood litter. No new information. Last report unless new information received.

* **Fairfield**, Florida DOF. Five miles southwest of Titusville, FL. Southern rough. Moderate fire activity with spotting.

Green Tower, National Forests in Alabama. Six miles north of Addison, AL. Hardwood litter. No new information. Last report unless new information received.

Predictive Services Discussion: Breezy, but much cooler and increased humidity over much of Arizona, western New Mexico and southern Colorado along with areas of rain and snow. Eastern New Mexico and western portions of Texas and Oklahoma can expect winds over 20 mph with gusts up to 40 mph, and relative humidity below 20%. Higher humidities with scattered showers are expected for Virginia and much of the mid Atlantic region.

Today's discussion is from the
Aviation Category.

AIRCRAFT AND PILOT CARDING

Every aircraft and pilot used in support of a Federal wildland fire mission must have a current Aircraft and pilot Card or letter of authorization. The card must be held in the aircraft or with the pilot, and give specific authorization to do the mission being requested.

● These missions could be all, one, or any number of, missions as follows:

- Air attack (Level I, Level II, Level III)
- Reconnaissance
- Fire surveillance
- Water bucket
- Helitorch
- Cargo
- Longline

● Every pilot who flies a properly carded aircraft must possess a current Interagency Airplane or Helicopter Pilot Qualification Card that gives specific authorization to fly the type of mission being requested and for the specific type of aircraft being used for the mission. These missions could be all, or any number of, missions as follows:

- Air attack
- Reconnaissance
- Fire surveillance
- Low-level
- Paracargo
- Mountain/Remote airstrips
- Smokejumper
- Longline

● Before the aircraft and pilot can be used for a specific mission, the aircraft must be specifically listed on a valid and current contract for the type of work being performed and a copy of the contract must be onboard the aircraft.

● Each user of the aircraft and pilot has the authorization to physically inspect the Aircraft Data Card, the Interagency Airplane or Helicopter Pilot Qualification Card, and the contract. If any one of these three are not available for inspection, the mission must be cancelled or at least postponed until the authorizations of the aircraft, pilot, or contract can be determined.

● Pilots have very specific and closely monitored duty time and flight time limitations that users must understand and adhere to:

- 14-hour duty day
- 8 hours flight time per day
- 2 days off in 14 calendar days
- 36 hours cumulative flight hours in any 6 consecutive days
