

**National Interagency Coordination Center
Incident Management Situation Report
Tuesday, May 31, 2011 – 0530 MT
National Preparedness Level 2**

National Fire Activity

Initial attack activity:	Light (113 new fires)
New large fires:	8 (*)
Large fires contained:	7
Uncontained large fires: **	16
Area Command Teams committed:	0
NIMOs committed:	1
Type 1 IMTs committed:	1
Type 2 IMTs committed:	6

Nationally, there are 5 large fires being managed to achieve multiple objectives.

** Uncontained large fires include only fires being managed under a full suppression strategy.

Southern Area (PL 3)

New fires:	21
New large fires:	5
Uncontained large fires:	9
NIMOs committed:	1
Type 2 IMTs committed:	3

NIMO (Gage) is assigned to manage large fires and provide support to initial attack operations for the West Branch Operational Area in Texas. Texas IMT 2 (Hannemann) is managing existing and new fires located in Texas state initial attack zones.

Honey Prairie, Okefenokee NWR. Florida IMT 2 (Leneave). IMT is also managing the Race Pond fire. Five miles northeast of Fargo, GA. Southern rough. Moderate fire activity.

Race Pond, Okefenokee NWR. Eleven miles south of Hoboken, GA. Southern rough. Active fire behavior. Structures threatened.

Pains Bay, Alligator River NWR. North Carolina IMT 2 (Hildreth). Nineteen miles south of Manns Harbor, NC. Timber and brush. Minimal fire activity. Structures threatened.

* **Gum Slough**, Florida Division of Forestry. Seventeen miles south of Kenansville, FL. Southern Rough. No further information received.

Stag Horn, Florida Division of Forestry. Nineteen miles east of Kissimmee, FL. Southern rough. No further information received.

Stone Ridge, Texas Forest Service. Five miles northwest of Amarillo, TX. Grass. Minimal fire activity.

47, Florida Division of Forestry. Thirty miles northwest of Okeechobee, FL. Brush. No new information.

* **Whispering Pines**, Florida Division of Forestry. Twelve miles south of Christmas, FL. Southern Rough. No further information received.

Reimer, Texas Forest Service. Four miles southeast of Stinnett, TX. Grass. Minimal fire behavior.

* **Duck Creek Road**, Texas Forest Service. Seven miles northeast of Cut and Shoot, TX. Timber. Moderate fire behavior. Structures threatened.

SQF – Sequoia NF

Predictive Services Discussion: A trough entering the west coast will produce very strong winds across much of the Southwest and the Great Basin and showers and a few thunderstorms from northern California to western Montana. Rain and thunderstorms will push through the Great Lakes region and down south to Texas as a cold front moves through the area. In Alaska, upper ridge will gradually break down but temperatures will continue warm over the central and eastern interior. Scattered showers will form along a front moving into the southwest while isolated thunderstorms develop over the interior.

Predictive Services Outlook products: <http://www.predictiveservices.nifc.gov/outlooks/outlooks.htm>

**Today's discussion is from the
Miscellaneous Category.**

Topic of Choice

Six Minutes for Safety encourages firefighters to use the "Topic of Choice" days to discuss events or issues that have occurred in the past that might provide lessons for doing better, safer work today. Suggested websites to use as references include:

- The Interagency Investigation Review Database- Search this database to find historical documents from wildland fire incidents. The available documents include 24 and 48 hour reports, factual accident investigation reports, escaped prescribed fire reviews and more.

<http://www.wildfirelessons.net/IIRDB.aspx>

- SAFENET- Search recent submissions to find problems and solutions encountered in every aspect of Wildland fire.

<http://safenet.nifc.gov/safenet.nsf/>

- Safety Alerts- This site catalogues all the Safety Alerts sent by the NWCG Safety and Health Working Team over the last five years.

<http://safenet.nifc.gov/notice.nsf>

- Job Hazard Analysis Library- This web based fire JHA library was jointly developed by FFAST and Region 1 of the Forest Service. Numerous JHA's are posted on the site as well as instructions on how to prepare a JHA

http://www.fs.fed.us/r1/people/jha/jha_index_www.html

- After Action Reviews and Rollups- Lessons and practices which are distilled and distributed as knowledge products to the wildland fire community through the Wildland Fire Lessons Learned Center.

<http://www.wildfirelessons.net/AAR.aspx>

- Incident Toolbox- A collection of tactics, techniques and procedures that have proven to work in various parts of the country and on various types of incidents. Includes information on fuels, strategy, tactics, special safety and logistical concerns in any part of the country.

<http://www.wildfirelessons.net/Winning.aspx?Page=Overview>

- FireFit- FireFit is a program intended to provide the interagency wildland fire community with a comprehensive, easy-to-follow, fitness program with the ultimate goal of improving firefighter safety and health and reducing injuries.
