Northern Rockies Area (PL 4)

New fires:	3
New large fires:	3
Uncontained large fires:	8
Type 1 IMTs committed:	3
Type 2 IMTs committed:	4

McGuire Complex (2 fires), Nez Perce NF. Transfer of command from IMT 1 (Joseph) to IMT 1 (Poncin) will occur tomorrow. One mile northwest of Dixie, ID. Timber. Active fire behavior with group tree torching and short-range spotting. Communities threatened. Evacuations in effect.

Sheep, Nez Perce NF. Transfer of command from IMT 1 (Turman) to IMT 2 (Kusicko) will occur tomorrow. One mile east of Lucille, ID. Timber, brush and grass. Group tree torching with short duration runs and short-range spotting. Structures threatened.

Condon Mountain, Flathead NF. IMT 2 (Pearson). Three miles northeast of Condon, MT. Timber. Backing fire with short upslope runs. Residences threatened.

Eagle Creek, Northern Cheyenne Agency, BIA. IMT 2 (Heintz). Thirteen miles southwest of Lame Deer, MT. Timber. Creeping and smoldering.

Sawtooth, Bitterroot NF. Transfer of command from IMT 2 (Hall) back to the local unit will occur today. Seven miles southwest of Hamilton, MT. Timber. Creeping and smoldering with single tree torching. Numerous structures threatened. Last report unless significant activity occurs.

Millie, Gallatin NF. Twenty miles south of Bozeman, MT. Timber. No new information.

Cottonwood Creek, Dakota Prairie National Grasslands. Started on private land thirty miles southwest of Watford City, ND. Juniper, brush and grass. Creeping and smoldering.

Elbow Pass Complex, Lewis & Clark NF. Previously reported incident. Twenty-five miles southwest of Augusta, MT. Timber. Creeping and smoldering with short uphill runs. Last report unless significant activity occurs.

Pettibone, Nez Perce NF. Previously reported incident. Thirty-eight miles northeast of Elk City, ID. Timber. No further information received. Last report unless significant activity occurs.

Vista, Nez Perce NF. Previously reported incident. Thirty-three miles northeast of Elk City, ID. Timber. No further information received. Last report unless significant activity occurs.

East Fork, Helena NF. Previously reported incident. Ten miles northwest of Lincoln, MT. Timber. Backing fire with single tree torching. Area closures in effect. Last report unless significant activity occurs.

Burnt Strip, Bitterroot NF. Previously reported incident. Twenty-seven miles southwest of Conner, MT. Timber. No further information received. Last report unless significant activity occurs.

Green Mountain, Bitterroot NF. Previously reported incident. Twenty-eight miles southwest of Conner, MT. Timber. No further information received. Last report unless significant activity occurs.

Moe, Nez Perce NF. Twelve miles northeast of Paradise, MT. Timber. No further information received. Last report unless significant activity occurs.

* **West Trout**, Nez Perce NF. Thirty-five miles northwest of Darby, ID. Timber. No further information received. Last report unless significant activity occurs.

Moose Ridge, Nez Perce NF. Thirty miles northeast of Elk City, ID. Timber. No further information received. Last report unless significant activity occurs.

* **Bell Point**, Nez Perce NF. Thirty-one miles northwest of Darby, MT. Timber. No further information received. Last report unless significant activity occurs.

* **Trout Peak**, Nez Perce NF. Thirty-three miles northwest of Darby, ID. Timber. No further information received. Last report unless significant activity occurs.

This table does not include fires reported in the large fire section of this report. Updated weekly.

Predictive Services Discussion: Dry and warm conditions will spread across the West. Surface high pressure will cover most of the East with cool and dry conditions. A cold front will push through the South, bringing scattered showers and thunderstorms to the Gulf Coast and Southeast coast states.

**Today's discussion is from the
Aviation Category.**

HELICOPTER LANDING AREA SAFETY

The following points should be considered when operating around an unimproved landing site:

- Always wear your personal protective equipment (PPE) when working around an operating helicopter. (Eye, hearing, head)
- Always get the approval of a flight crewmember or the pilot before approaching an operating helicopter.
- Only approach and depart a helicopter as directed, in a slightly crouched position, and in full view of a crewmember. Keep in pilot's field of vision at all times.
- Never go near the tail of helicopters.
- When loading helicopters in uneven terrain, always approach and depart from the down slope (lower) side and do not hold equipment overhead.
- Remove or secure loose articles prior to working around an operating helicopter.
- Be aware of the dust abatement conditions of the landing area, as blowing dust, sand, or rocks caused by the helicopter's rotor wash can be hazardous.
