

**National Interagency Coordination Center  
Incident Management Situation Report  
Friday, August 23, 2013 – 0530 MT  
National Preparedness Level 5**

**National Fire Activity**

Initial attack activity:	Moderate (222 new fires)
New large fires:	9 (*)
Large fires contained:	3
Uncontained large fires: **	49
Area Command Teams committed:	0
NIMOs committed:	2
Type 1 IMTs committed:	8
Type 2 IMTs committed:	23

\*\* Uncontained large fires include only fires being managed under a full suppression strategy.

Type 2 IMTs committed:	4

\* **Ought 7**, Maggie Creek Area Office, Idaho Department of Lands. Thirteen miles east of Kooskia, ID. Timber, brush and grass. Short runs. Residences threatened.

**Lolo Creek Complex** (two fires), Southwestern Land Office, Montana DNR. IMT 1 (Poncin). Eight miles west of Lolo, MT. Timber and grass. Backing with isolated torching. Numerous structures threatened. Evacuations, road and area closures in effect.

**Rock Creek**, Custer NF. IMT 2 (Pearson). Three miles southwest of Red Lodge, MT. Timber and brush. Numerous residences threatened. Isolated torching and spotting. Reduction in acreage due to more accurate mapping.

**Incendiary Creek**, Clearwater Potlatch Timber Protective Association. IMT 2 (Kusicko). Five miles southwest of Weippe, ID. Timber and grass. Active fire behavior with group tree torching and short-range spotting. Residences threatened. Evacuations in effect.

**Miner Paradise Complex** (four fires), Gallatin NF. IMT 2 (Benes). Nineteen miles southwest of Livingston, MT. Timber and grass. Active fire behavior with torching. Structures threatened. Road and area closures in effect.

**Triumph Lane**, Craig Mountain Area Office, Idaho Department of Lands. Eighteen miles east of Lewiston, ID. Grass. Creeping and smoldering. Structures threatened.

**Eureka**, Beaverhead/Deerlodge NF. IMT 2 (Heintz). Thirty-eight miles southwest of Ennis, MT. Timber. Short-range spotting. Structures threatened. Reduction in acreage due to more accurate mapping.

**Druid Complex** (four fires), Yellowstone NP. NIMO (Hahnenberg). Twenty-seven miles southeast of Gardiner, MT. Timber. Minimal fire behavior. Numerous structures threatened. Precipitation occurred over the fire area yesterday.

**Gold Pan Complex** (two fires), Bitterroot NF. IMT 1 (Turman). Thirty-five miles southwest of Conner, MT. Timber. Moderate fire behavior with short crown runs and spotting. Numerous structures threatened. Area closures in effect.

**Damnation**, Flathead NF. Previously reported incident. Twenty-one miles southeast of Swan Lake, MT. Timber. Active fire behavior with short-range spotting. Last report unless significant activity occurs.

\* **Flat Creek**, Clearwater NF. Seventeen miles northeast of Pierce, ID. Timber. Active fire behavior. Last report unless significant activity occurs.

\* **Rock Creek**, Clearwater NF. Twenty-four miles northeast of Pierce, ID. Timber. No further information received. Last report unless significant activity occurs.

Total	85	925,737	28	35	16	924

**Predictive Services Discussion:** Scattered showers and thunderstorms will develop over the Southwest, the eastern Great Basin, and the central and southern Rockies. Isolated thunderstorms will develop over the Northwest. Gusty southwest winds will form over the Sierras and the western Great Basin. Scattered showers and thunderstorms will continue over the Southeast. Temperatures will cool slightly over the western U.S. except in the far southwest deserts. The Plains, lower and mid-Mississippi Valley, and the Southeast will remain warm and humid, while the Great Lakes region and Northeast continue mild.

## TAKING A NAP NEAR THE FIRELINE

### Fireline Safety Category

Firefighting is often exhausting work and firefighters can find themselves needing to sleep while on the fireline. Before pausing to rest, firefighters must weigh the following considerations:

- Are lookouts posted? Discuss who that lookout can be. Can the lookout on the knob across the draw watch over you or does it need to be your partner on the fireline alternating rest times?
- Is the area free of hazards? (Falling snags or rolling materials) Discuss what you need to do to create a safe resting area.
- Are you still within agency work and rest guidelines? Review what these guidelines are.
- Does your crew need a break? Have they been pushed too hard? Talk about situations where you need to simply take yourself and/or your crew off the fire for uninterrupted rest.
- To reduce risks:
  - Keep lookouts posted; rotate lookouts.
  - Communicate crew conditions and status to supervisor or chain-of-command contact. Have firefighters discuss ways that they find to rest on the fireline and suggestions for methods to alternate shifts for more effective firefighting.
