

**National Interagency Coordination Center
Incident Management Situation Report
Sunday June 8, 2014 – 0530 MT
National Preparedness Level 1**

National Fire Activity

Initial attack activity: Light (78 new fires)
 New large fires: 2 (*)
 Large fires contained: 0
 Uncontained large fires: ** 3
 Area Command Teams committed: 0
 NIMOs committed: 0
 Type 1 IMTs committed: 0
 Type 2 IMTs committed: 0

** Uncontained large fires include only fires being managed under a full suppression strategy.

Predictive Services Discussion: Gusty downslope winds are expected in northern California and western Nevada today while warm and dry conditions persist over the Western U.S. An upper level disturbance over the Northern Rockies will force a cold front southward today with showers and thunderstorms spreading into the High Plains. Storms are also expected to focus from New England south through the Mid-Atlantic.

COMMUNICATIONS (LCES)

Fire Communications Category

Effective communication is a critical backbone of safe and successful operations.

Discuss the factors that can affect radio communication at the incident.

- Knowledge of the radio issued to the individuals
- Net control, frequencies
- Line-of-sight restrictions
- Antenna polarization effect (direction of the antenna)
- Minimizing noise interference
- Wide band narrow band

How can you mitigate potential problems?

- Implement effective communication procedures--be brief, use clear text, and to-the-point.
- Give a good comprehensive briefing. (Refer to the Briefing Checklist inside the back cover of the Incident Response Pocket Guide.)
- Confirm that relayed information is received, and understood.
- Keep a continuous information flow (e.g., updates on weather, fire behavior, work progress; changes in strategy/tactics; arrival of additional resources; solicit feedback).
- Establish emergency check-in procedures.
- Provide a minimum of 4 radios per 20-person firefighter crew.

The Five Communication Responsibilities for All Firefighters:

- Brief others
- Debrief your actions
- Communicate hazards to others
- Acknowledge messages
- Ask if you don't know
