

**National Interagency Coordination Center**  
**Incident Management Situation Report**  
**Friday, March 28, 2014 – 0800 MT**  
**National Preparedness Level 1**

**National Fire Activity (Weekly Total)**

Initial attack activity:	Light (1,003 new fires)
New large fires:	23 (*)
Large fires contained:	22
Uncontained large fires: **	4
Area Command Teams committed:	0
NIMOs committed:	0
Type 1 IMTs committed:	0
Type 2 IMTs committed:	0

\*\* Uncontained large fires include only fires being managed under a full suppression strategy.

[Link](#) to Geographic Area daily reports.

**Southern Area (PL 2)**

New fires:	749
New large fires:	18
Uncontained large fires:	4

\* **Boston**, Osage Agency, BIA. Four miles west of Hominy, OK. Hardwood litter and grass. Smoldering. Structures threatened.

\* **Sand Creek**, Okmulgee Agency, BIA. Five miles west of Dustin, OK. Grass. Creeping and smoldering. Numerous structures threatened.

\* **Fields**, Osage Agency, BIA. Five miles west of Hominy, OK. Hardwood litter. Creeping and smoldering. Structures threatened.

\* **Section 29 Orchard**, Florida Forest Service. Started on private land 13 miles north of Milton, FL. Southern rough. Active fire behavior.

## TAKING A NAP NEAR THE FIRELINE

### Fireline Safety Category

Firefighting is often exhausting work and firefighters can find themselves needing to sleep while on the fireline. Before pausing to rest, firefighters must weigh the following considerations:

- Are lookouts posted? Discuss who that lookout can be. Can the lookout on the knob across the draw watch over you or does it need to be your partner on the fireline alternating rest times?
- Is the area free of hazards? (Falling snags or rolling materials) Discuss what you need to do to create a safe resting area.
- Are you still within agency work and rest guidelines? Review what these guidelines are.
- Does your crew need a break? Have they been pushed too hard? Talk about situations where you need to simply take yourself and/or your crew off the fire for uninterrupted rest.
- To reduce risks:
  - Keep lookouts posted; rotate lookouts.
  - Communicate crew conditions and status to supervisor or chain-of-command contact. Have firefighters discuss ways that they find to rest on the fireline and suggestions for methods to alternate shifts for more effective firefighting.
