

**National Interagency Coordination Center  
Incident Management Situation Report  
Tuesday, September 10, 2019 – 0530 MT  
National Preparedness Level 2**

**National Fire Activity**

|                               |                          |
|-------------------------------|--------------------------|
| Initial attack activity:      | Moderate (201 new fires) |
| New large incidents:          | 6                        |
| Large fires contained:        | 5                        |
| Uncontained large fires:***   | 22                       |
| Area Command teams committed: | 0                        |
| NIMOs committed:              | 1                        |
| Type 1 IMTs committed:        | 2                        |
| Type 2 IMTs committed:        | 7                        |

Nationally, there are 47 large fires being managed under a strategy other than full suppression.

\*\*\* Uncontained large fires include only fires being managed under a full suppression strategy.

**Northern California Area (PL 3)**

|                          |    |
|--------------------------|----|
| New fires:               | 17 |
| New large incidents:     | 1  |
| Uncontained large fires: | 8  |
| Type 1 IMTs committed    | 2  |
| Type 2 IMTs committed:   | 2  |

**Walker**, Plumas NF, USFS. IMT 1 (CA Team 4). Eleven miles east of Taylorsville, CA. Timber and medium logging slash. Active fire behavior with short range spotting and uphill runs. Structures threatened. Evacuations, area and road closures in effect.

**Lime**, Klamath NF, USFS. IMT 2 (CA Team 15) also managing Kidder 2. Ten miles north of Yreka, CA. Timber and brush. Active fire behavior with running, uphill runs and flanking. Numerous structures threatened. Area closures in effect.

**\* Kidder 2**, Klamath NF, USFS. Ten miles northwest of Etna, CA. Timber and brush. Moderate fire behavior with creeping, backing and smoldering.

**Red Bank**, Tehama-Glenn Unit, Cal Fire. IMT 1 (Cal Fire Team 5). Twenty-five miles west of Red Bluff, CA. Chaparral, brush and tall grass. Minimal fire behavior with creeping and smoldering. Communication infrastructure threatened.

**Lone**, Modoc NF, USFS. Five miles southeast of Clear Lake, CA. Timber, brush and tall grass. Minimal fire behavior with smoldering. Sage-grouse habitat threatened.

**South**, Shasta-Trinity NF, USFS. IMT 2 (CA Team 16). Fifteen miles south of Platina, CA. Timber, chaparral and hardwood litter. Moderate fire behavior with isolated torching, flanking and backing. Structures and communications infrastructure threatened.

**Ramshorn**, Shasta-Trinity NF, USFS. Seven miles northeast of Coffee Creek, CA. Timber, brush and tall grass. Minimal fire behavior with smoldering and creeping. Reduction in acreage due to more accurate mapping.

**Swedes**, Butte Unit, Cal Fire. Five miles north of Bangor, CA. Brush and tall grass. Minimal fire behavior. Numerous structures threatened.

\*1 Hectare = 2.47 Acres

**Predictive Services Discussion:** The previous day's low pressure area will split into two systems over the Pacific Northwest with the stronger system remaining along the coast. As this occurs, widespread precipitation will develop over the northern Great Basin, Northern Rockies and the Pacific Northwest. Breezy west winds will develop over California and Nevada, but with below average temperatures in place, humidity levels will be slightly elevated. Monsoonal moisture will move into West Texas and will provide much needed rainfall to areas west of a line going from Abilene to San Antonio, including the Texas Panhandle to the north. Hot and humid conditions are expected across the southeast and the Mid-Atlantic States as high pressure over the region strengthens.

## Suicide Prevention Day

Firefighter Health/First Aid

We all know someone who has considered suicide, attempted suicide or sadly died from suicide. We just may not know that we know someone.....or maybe you are that someone.

- Suicide is the 10<sup>th</sup> leading cause of death in the US and according to a report from Vox, more first responders die by suicide than in the line of duty each year. It is believed that the estimated deaths of fire/EMS is underestimated by up to 60% each year.
- Firefighters have higher rates of PTSD, depression, anxiety and alcohol use disorders that contributes to the high suicide rate.

How do we change these statistics? Through real conversations. By recognizing that we need to talk openly about suicide and mental health because one suicide, is one too many.

You don't have to be concerned about a co-worker, friend or family member to start talking about suicide and mental health. By opening up the door and addressing these concerns we change the statistics.

The goal for 2020 is no suicides, let's start talking and make that happen.

### Real conversations; Remove the stigma

When we talk about it, we remove the stigma. If you have a friend, co-worker or family member that you are concerned about, here is a short video on how to talk to them about suicide:
