

**National Interagency Coordination Center**  
**Incident Management Situation Report**  
**Sunday, July 26, 2020 – 0730 MDT**  
**National Preparedness Level 3**

**National Fire Activity:**

Initial attack activity:	Light (126 new fires)
New large incidents:	2
Large fires contained:	3
Uncontained large fires:***	29
Area Command teams committed:	0
NIMOs committed:	1
Type 1 IMTs committed:	3
Type 2 IMTs committed:	6

Nationally, there are 14 large fires being managed under a strategy other than full suppression.

\*\*\*Uncontained large fires include only fires being managed under a full suppression strategy.

### Northern California Area (PL 3)

New fires:	37
New large incidents:	0
Uncontained large fires:	8
Type 1 IMTs committed:	3
Type 2 IMTs committed:	2

**Hog**, Lassen-Modoc Unit, Cal Fire. IMT 1 (Cal Fire Team 3). Ten miles west of Susanville, CA. Timber and brush. Minimal fire behavior with creeping and smoldering. Community of Lake Forest and numerous structures threatened. Evacuations, area and trail closures in effect.

**Gold**, Lassen-Modoc Unit, Cal Fire. IMT 1 (Cal Fire Team 4). Five miles south of Adin, CA. Timber. Active fire behavior with group torching, spotting and uphill runs. Residences threatened. Evacuations, area, road and trail closures in effect.

**July Complex** (3 fires), Modoc NF, USFS. IMT 1 (CA Team 1) and IMT 2 (CA Team 12). Thirty-six miles northwest of Canby, CA. Timber, brush and tall grass. Extreme fire behavior with running. Structures and sage-grouse habitat threatened. Evacuations, area, road and trail closures in effect.

**MP 21**, Hoopa Valley Tribe, BIA. IMT 2 (CA Team 11). Three miles south of Weitchpec, CA. Timber. Minimal fire behavior with smoldering.

**Badger**, Siskiyou Unit, Cal Fire. Four miles north of Yreka, CA. Timber, brush and tall grass. Minimal fire behavior with smoldering.

**Platina**, Shasta-Trinity Unit, Cal Fire. Twenty miles southwest of Redding, CA. Chaparral, brush and short grass. Minimal fire behavior with smoldering.

**Predictive Services Discussion:** Isolated storms will begin to redevelop over northern California and Nevada, as a low pressure area off the California coast pivots inland and draws monsoonal moisture west across the central Great Basin. Hot and dry conditions will continue across the Pacific Northwest and Idaho as the Four Corners high pressure ridge amplifies northwestward. The Southwest monsoon will continue in force across Arizona, western New Mexico, and Colorado. Across the Great Plains, the high pressure ridge will remain anchored over Kansas and Oklahoma. Scattered storms will be possible across Wyoming. In Alaska, showers will continue across the Interior of the state, as low pressure areas linger off the northern gulf coast near Yakutat and off the Arctic Coast northwest of Barrow.

<http://www.predictiveservices.nifc.gov/outlooks/outlooks.htm>

## Lookouts (LCES)

*Operational Engagement Category*

Lookouts are often better situated to notice the cumulative changes of fire behavior.

Fire Order #5 says, "Post lookouts when there is possible danger." Should you utilize lookouts at all times?

- Lookouts should be posted at all times.

What are you looking for when you are selecting a lookout location?

- Choose a good vantage point, preferably with a good overview of the entire area where firefighters are located, including escape routes and safety zones.
- Never rely exclusively on aircraft as your lookout.

What are the desired qualities, capabilities, knowledge, and responsibilities of a lookout person?

- Experienced firefighter.
- Solid knowledge of fire behavior and the ability to recognize and monitor other environmental hazards.
- Knowledge of crew locations, escape and safety locations, and trigger points.
- Good communicator – keeps the crew advised of fire behavior changes, tracks weather trends and relays the information, informs crew of work progress and updates from the latest strategy and tactical briefings.
- Monitors and accounts for all individuals within his/her assigned area at all times and will notify others if breaks are needed.
- Knowledge of weather patterns, and signs of incoming weather changes.

What is the necessary equipment for a lookout?

- Personal protective equipment, radio with extra batteries, compass, binoculars, belt weather kit, an incident action plan, map, food, water and watch.
