

**National Interagency Coordination Center
Incident Management Situation Report
Wednesday, June 29, 2022 – 0730 MDT
National Preparedness Level 2**

National Fire Activity:

| | |
|-------------------------------|-------------------|
| Initial attack activity: | Light (141 fires) |
| New large incidents: | 7 |
| Large fires contained: | 1 |
| Uncontained large fires: ** | 13 |
| Area Command teams committed: | 0 |
| NIMOs committed: | 0 |
| Type 1 IMTs committed: | 0 |
| Type 2 IMTs committed: | 6 |
| ***Complex IMTs committed: | 0 |

***Complex Incident Management Teams (CIMTs) are configured to respond to large, complex fires and can expand and reduce staffing in all functional areas as necessary to meet the needs of the incident.

Nationally, there are 53 fires being managed under a strategy other than full suppression.

**Uncontained large fires include only fires being managed under a full suppression strategy.

Alaska Area (PL 4)

| | |
|--------------------------|---|
| New fires: | 0 |
| New large incidents: | 4 |
| Uncontained large fires: | 0 |
| Type 2 IMTs committed: | 3 |

Lime Complex (14 fires), Southwest Area, Alaska DOF. IMT 2 (AK Black Team). Fifty miles east of Chuathbaluk, AK. Grass, timber and brush. Active fire behavior with short crown runs, running and backing. Numerous structures, communication and energy infrastructure threatened.

Clear, Fairbanks Area, Alaska DOF. IMT 2 (NW Team 10). Ten miles northwest of Anderson, AK. Timber and short grass. Active fire behavior with creeping, group torching and spotting. Numerous residences threatened. Evacuations and area closures in effect.

Bean Complex (3 fires), Tanana Zone, BLM. Includes the previously reported Bitzshitini, Chitanana and Hutlinana fires. IMT 2 (NW Team 7). Started on state land 100 miles west of Fairbanks, AK. Timber and short grass. Active fire behavior with spotting, torching and backing. Structures threatened.

Poorman Complex (2 fires), Galena Zone, BLM. Includes previously reported Sunset and Donut fires. Thirty-eight miles southeast of Ruby, AK. Timber litter. Moderate fire behavior. Structures threatened. Last narrative report unless significant activity occurs.

* **Huron**, Tanana Zone, BLM. Twenty miles northeast of Rampart, AK. Timber. Extreme fire behavior with group torching, spotting and running. Last narrative report unless significant activity occurs.

* **Hilltop**, Tanana Zone, BLM. Sixty-five miles southwest of Tanana, AK. Timber. Extreme fire behavior with running, torching and spotting. Last narrative report unless significant activity occurs.

* **Troublesome**, Tanana Zone, BLM. Thirteen miles east of Rampart, AK. Timber. Active fire behavior with running, group torching and spotting. Last narrative report unless significant activity occurs.

* **Holonada**, Tanana Zone, BLM. Fifty-two miles north of Tanana, AK. Tall grass. Active fire behavior with creeping and smoldering. Last narrative report unless significant activity occurs.

Predictive Services Discussion: Dry and breezy conditions are likely across the Great Basin into portions of the northern Rockies and southeast California. Elevated to critical fire weather conditions are expected across portions of eastern Wyoming, northeast Colorado, western Nebraska, and western South Dakota as south-southwest winds strengthen amid a dry airmass. Isolated to scattered thunderstorms are likely, mostly along and west of the Divide in the Southwest, Four Corners, and Colorado Rockies into southern Wyoming. Drier storms are possible on the northwest and northern periphery of this area. Strong to severe thunderstorms are likely on portions of the northern Plains into the western Great Lakes, with thunderstorms likely continuing near the Gulf and southeast Atlantic Coasts. Warm and dry conditions will continue across much of the Interior, southwest, and south-central Alaska, with isolated thunderstorms likely across south-central and southeast Alaska.

LEAD Time

Peer Accountability

Leadership Category

Leaders create teams in which team members hold each other accountable. More than any system of reward and discipline, more than any policy, the commitment to respect teammates and peers, and the unwillingness to let them down represents the most effective means of accountability. Peer accountability is an outgrowth of trust, respect, and commitment. We set the example by demonstrating that team members can hold us accountable, encouraging them to give us feedback on our own performance in meeting stated goals.

Accountability to self and peers challenges team members to improve beyond perceived personal limitations and is often a catalyst to achieving personal breakthroughs.

Discussion Points:

- What expectations do you have as a team? As an individual?
- How does your team address unmet expectations?
- Can you share an example of when you exceeded perceived personal limits for the sake of your peers?
- What is the leader's role in a culture where peer accountability exists?
- What is meant by the term "constructive feedback"?
