

Provide High Quality Photos to Your Wildland Fire PIOs!

1. Setting up your iPhone:

- Tap “Settings”
- Scroll up and tap “Camera” option.
- Tap “Formats”
- Select “Most compatible”
- Tap the **Back Arrow** (top left) twice to exit Settings.

2. Sending your awesome photos ---do NOT text to maintain quality:

AirDrop – In-person only, must both have iPhones

- Turn on “AirDrop” to “Everyone for 10 minutes”.
- Open the “Photos” icon / app
- Select the 1st photo you want to share
- Tap “Share 

Microsoft Teams – Best for government devices

- Open the “Photos” icon / app
- Select the 1st photo you want to share
- Tap “Share 

E-mail – Best for non-government devices

- Open the “Photos” icon / app
- Select the 1st photo you want to share
- Tap “Share 

3. Backing up your photos:

If you have a government phone, you can AUTOMATICALLY back-up your photos to OneDrive:

- Tap the “OneDrive” icon
- Tap on your Icon / Photo in the upper left corner
- Tap “Settings”
- Tap “Camera Backup”
- Ensure all three options are toggled on (should be blue).
- Confirm “Organize New Photos” is by “Month”
- *Important:* You need to tap on / go into the OneDrive app every so often to ensure back-ups.
