

# STUDENT WORKBOOK

## Module – The Yarnell Hill Fire

### Overview

The intent of this module is to initiate an informed discussion of the events surrounding and leading up to the Yarnell Hill Fire tragedy.

### Exercise

Watch the Weather Channel video and the Lessons Learned Center briefing video and have a group discussion about the events surrounding and leading up to the tragedy.

Strive to develop your thoughts and create dialogue with their fellow firefighters. Consider the following:

- There is much that is *unknown, unclear, or uncertain* about this accident; still these events provide a powerful opportunity to learn and generate lessons for the future.
- Group discussion provides some of the best opportunities for insight and learning.

Here are some tools you can use to generate lessons from this accident:

- Use the information available.
- Put yourself in the situation.
- Think about your own experiences.
- Discuss your thoughts and experience with other firefighters.

Explore the new [Tech Tools](#) webpage on the WFSTAR website. Tech Tools purpose is to provide a place for firefighters to get technology that helps them do their job safer and more efficiently.
