

Incident Within an Incident

Overview

This module will focus on the importance of having a plan of action should an incident within an incident occur.

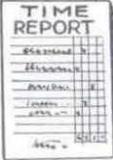

Facilitator Quick Checklist

The following are the most important tasks that should be considered before implementing this module:

- ✓ Preview the Incident Within an Incident Module on the DVD
- ✓ Preview Black Canyon Tactical Decision Game

Time	Facilitator Tasks	Refer To
1 min	<ul style="list-style-type: none"> Introduce module overview listed above.	
20 min	<ul style="list-style-type: none"> Play DVD Module 6: <u>Incident Within an Incident</u>	DVD 6
1 min	<ul style="list-style-type: none"> Explain how TDGs work (if necessary) <p>TDGs are intended to focus on one objective and be put under time constraints as to simulate real world decision making. For more information on how to administer TDGs refer to:</p> <p>http://www.fireleadership.gov/toolbox/TDG_Library/tdgsreferences.htm</p>	

Time	Facilitator Tasks	Refer To
5 min	<ul style="list-style-type: none"> •  Direct students to break into groups of 4 or 5 and refer to the Student Workbook. Give them 5 minutes to read the Background, Current Conditions, Resources Assigned, and Current Situation as an introduction to Black Canyon Tactical Decision Game. 	SW 1
10 min	<ul style="list-style-type: none"> •  Click on 'Black Canyon Tactical Decision Game' on the DVD menu to play the TDG. When complete, direct students to finish reading the continue situation and answer question that follows. Give groups 10 minutes and then discuss answers as a class. 	DVD 6 SW 3
	<p style="text-align: center;"><u>Suggestions for Discussion from TDG question</u> (from Student Workbook)</p> <p>What actions should you take?</p> <ul style="list-style-type: none"> ➤ Clear radio traffic for medical emergency ➤ Request EMT from your crew and any additional medically trained personnel to the scene, delegate patient care to EMT upon arrival ➤ Notify dispatch of medical emergency and request Life Flight ➤ Identify helispot (delegate this task to Air attack) ➤ Resource needs for patient transport to helispot ➤ Use Air attack for communication needs ➤ Communicate your decisions with burn boss (Coordinate patient transport and resource needs with burn boss) 	SW 3

Time	Facilitator Tasks	Refer To
 <p><i>Estimate Total Time: 42 min</i></p>	<p>If time allows, the following can be used as an extra discussion topic.</p> <ul style="list-style-type: none"> ➤ Discuss difference between medical emergency (life threatening injury) and medical transport (non-life threatening injury). <p style="text-align: center;"><u>Instructor Note:</u></p> <p>Inform students that a complete report of the Facilitated Learning Analysis done for the Deer Park Fire can be found in the useful links section at the end of the Student Workbook.</p>
